

## SUMMARY OF CHANGES FOLLOWING JANUARY 14, 2015 HEARING

### RULE 109: ORTHOTIC AND PROSTHETIC REIMBURSEMENT

AID is submitting both a mark-up and final rule reflecting changes the Commissioner made to the proposed initially filed rule, following the January 14, 2015 hearing and end of the public comments period.

#1. AID changed the effective date language in the initially filed proposed Rule from March of 2015 to October 19, 2015. This was due to the fact that following the AID administrative hearing on January 14, 2015, there existed a legislative session during which AID was not able to submit the proposed Rule for review and approval to ALC/Rules until the 2015 session ended. Secondly, following the end of the 2015 of the regular legislative session, AID was required to obtain review and approval of promulgation of the proposed rule by the Governor's office pursuant to the Governor's Executive Order, # EO-1502, "Executive Order Requiring Governor Review of State Agency Rules and Regulations Prior to Submission to a Legislative Committee of the General Assembly." AID submitted the proposed rule to the Governor's office on May 4, 2015 and obtained approval authorizing further action to promulgate the proposed Rule on July 30, 2015.
