ONE HUNDRED AND THIRD ANNUAL REPORT OF THE

INSURANCE COMMISSIONER OF THE

STATE OF ARKANSAS

The Honorable Bill Clinton
Governor of Arkansas
Little Rock, Arkansas

Dear Governor Clinton:

In accordance with the Arkansas Statutes, I am pleased to submit the One Hundred and Third Annual Report of the State Insurance Department covering the business for the year 1983.

Besides the statistical information which comprises the bulk of the report, a description of each division within the Department is included to give the reader an idea of the structure and activities of the Department.

All of the regulatory activities described in this report demonstrate the commitment of the Arkansas Insurance Department to protect the public by regulating the insurance industry.

Respectfully submitted,

Linda N. Garner

Linda N. Garner
Insurance Commissioner

ARKANSAS INSURANCE DEPARTMENT
ANNUAL REPORT 1983

The Arkansas Insurance Department operates with a ninety (90) member staff of which twenty-seven (27) work exclusively in worker's compensation claims, four (4) work with the risk management program and the remaining fifty-nine (59) members work to regulate the multi-billion dollar insurance industry.

The Department is limited to a budget of $1.7 Million for the Insurance Regulatory Division even though it collects over $39 Million from insurance companies and regulates over 1,500 insurance companies licensed to do business in this State.

Calendar year 1983 was significant not only to Arkansas, but to the entire insurance industry as six (6) insurance subsidiaries of Baldwin-United Corporation were placed into rehabilitation. Three (3) of the companies, National Investors Life Insurance Company, National Investors Pension Insurance Company and Mt. Hood Pension Insurance Company are Arkansas domestic companies. A major concentration of effort was spent by all regulatory divisions of this Department on the Baldwin-United problem and resultant public concern.

A Rehabilitation Plan was developed in a cooperative effort by the Insurance Commissioners of Arkansas and Indiana with support from the National Association of Insurance Commissioners. The Plan will allow all policyholders to become "whole" within a 3 1/2 year timetable.

Courts in Indiana and Arkansas are expected to rule on the proposed plan in early 1984. Investigations into brokerage marketing practices will be implemented in 1984 as a continuing part of the Department's review of the Baldwin-United problem. This will again tax our personnel and resources at a time when an increased review of insurance companies is crucial to the protection of Arkansas policyholders.

COMPLIANCE AND ENFORCEMENT

Legal Division

Significant activity of the legal division included the following:

A. Receivership Actions

1. Iowa State Travelers Mutual Assurance Company, an Iowa domestic company with Arkansas policyholders, was declared insolvent in February.

2. Higginbotham Burial Insurance Company, an Arkansas Company, was placed into receivership in May.

3. National Investors Life Insurance Company, National Investors Pension Insurance Company and Mt. Hood Pension Company were placed into rehabilitation in July.

4. Foundation Life Insurance Company of Arkansas was notified in November that the Department deemed the Company to be insolvent and was given until February 20, 1984 to cure the insolvency.

5. Producers Insurance Company, an Arkansas company, was placed into receivership in November.

6. Central Investors Life Insurance Company, an Arkansas company, was placed into receivership in December.

B. Company Penalties

1. National Investors Pension Insurance Company and National Investors Life Insurance Company were each fined $50,000 in March for various violations of the Insurance Code.

2. Arkansas National Life Insurance Company was penalized $750 in March for various licensing violations.

3. National Old Line Insurance Company was penalized $1,000 in June for agent violations.

4. Selected Funeral and Life Insurance Company was penalized $100 in July for agent violations.

5. Republic Insurance Company was fined $500 in October for misrepresentations.

6. American Home Life Insurance Company was fined $500 in November for agent violations.

7. Central Life & Accident Insurance Company was fined $500 in December for agent violations.

C. Other Company Actions

1. First Pyramid Life Insurance Company of America purchased Daniel Insurance Company and changed the name of the Company to Pharoah Life Insurance Company in April.

2. Two applications for new domestic insurance companies were approved, Independence Federal Insurance Company and Old Reliable Insurance Company.

D. Agent Activity

During 1983, the licenses of fourteen (14) agents were revoked and five (5) agents had their license suspended. Additionally, financial penalties were assessed against eleven (11) agents. The penalties ranged from $50 to $5,000.

E. Regulatory Activity

Three new regulations were adopted in 1983. All three were required by legislation passed in the regular session. These regulations are:

1) Reg 30 -Definition of Funeral Expense Insurance
2) Reg 31 -Educational Requirements for Insurance Agents
3) Reg 32 -Minimum Standards for Conversion Policies

CONSUMER SERVICES DIVISION

The Consumer Services Division continued in 1983 to provide important and worthwhile service to the insurance buying public of the State.

This division is charged with the responsibility of assisting citizens who might be experiencing difficulty in getting insurance problems resolved. This division also makes an attempt to educate consumers as to the nature of the product which they buy, the importance of those products and how to wisely shop for products.

The Consumer Services Division has a staff of eight (8) employees, a Consumer Affairs Director, four insurance investigators and three secretarial support members. For the year 1983, this division was instrumental in recovering for the consumers of Arkansas $1,500,000 through the handling of over 3,000 written complaints, 11,000 telephone calls and 900 personal visits by consumers to this office which does not include over 10,000 calls and letters about National Investors Life Insurance Company.

Health insurance, particularly group health insurance, continues to be the major type of insurance this office received complaints and inquiries on. The reason appears to be that consumers do not adequately acquaint themselves with the nature of the contract and are not familiar with how a contract determines what medical expenses are paid and to what extent.

Dissatisfaction with claim settlements and cancellation or non-renewal presented the major source of complaints and inquiries received relative to automobile and homeowners insurance.

Life insurance as a source of complaints still is last in the four personal types of insurance. However, complaints and inquiries received by this division concerning life insurance did increase. The reason for the increase was brought on by the change of direction of companies in selling life insurance with the emphasis on accumulation of substantial sums of money for retirement as opposed to selling a policy mainly for the death benefits.

The Division continued its attempt in educating the consumers through speaking engagements to nearly all levels of educational institutions throughout the state as well as to consumer groups, senior citizens groups, civic and industry groups and special interest groups.

Insurance sold to senior citizens, Medicare supplement health insurance policies, Cash Burial policies and a new concept referred to as the Estate Conservation Plan, continues to be a primary concern to this division. This division, in conjunction with the Legal Division continued to investigate the Estate Conservation Plan and the manner in which it has been sold in this State. Concerning the Medicare supplement contracts, this division has requested from all companies selling Medicare supplement health insurance, copies of all solicitation material used to advertise and sell these policies. This is done because of the large percentage of senior citizens who reside in this State, which makes this State a lucrative market for the companies selling those particular products. The attempt here is to be certain that the solicitation material is fair and accurately represents the product being sold.

Life insurance policies, sold as Cash Burial policies, are also primarily sold to senior citizens and requests have gone to all of those companies selling these particular policies to provide the solicitation material used. Again, the reason for this is to make certain that solicitation material accurately represents the product being sold.

This Division intends, in 1984, to continue and intensify its efforts in seeing that the insurance buying public is aware of the products they are purchasing and that they receive fair and equitable treatment from the industry in the settlement of their claims and the issuance of policies.

This Division continues to be plagued because it operates under a fully manual system which takes considerable staff time away from the important functions of investigation and research. At the point in which mechanization becomes available to the Division, the Division will be more visible in education and research for the public.

LICENSE DIVISION

Agent Licensing

Primarily responsible for the testing and licensing of insurance agents, this Division experienced an increase in licensing activity late in the year which can probably be attributed to the passage of Act 534 of 1983 which requires thirty-six (36) hours of classroom instruction of all agents licensed after January 1, 1984. The Division administered 7,001 examinations in 1983 compared to 6,040 in 1982.

Act 534 of 1983 provided for the creation of an Advisory Board to establish course criteria, instructor qualifications, review applicants for approval as providers and/or instructors and monitor compliance with established guidelines. The Board was established with major segments of the insurance industry in Arkansas being represented on the Board.

Incorporating recommendations of the Advisory Board, the Department adopted Rule and Regulation 31 setting forth course requirements, instructor qualifications and other provisions for compliance.

Using Rule and Regulation 31 as a guideline, the Advisory Board had reviewed and approved 36 training facilities at the end of 1983. Sixteen applications had been rejected.

Bail Bond

The licensing of bail bondsmen is another area under the supervision of the Licensing Division. Act 811 of 1983 amended the fee to be collected for a bail bond license from $25 to $500 per license. Renewal of existing licenses was due in December and the higher fee was applicable. The higher fee reduced the number of bondsmen renewing their licenses from 169 in 1982 to 90 in 1983.

Financial information provided by professional bail bondsmen was also more closely examined than in the past and Circuit Clerks in all counties were contacted prior to renewal to ascertain any outstanding forfeitures that may have not been reported to the Department.

Staff attorneys are currently working on a bail bond regulation to address problems encountered in regulation bondsmen.

Funeral Expense Insurance

Act 823 of 1983 provided for a limited license for employees of funeral homes selling insurance which provides benefits for expenses incurred in connection with the death of the insured and which does not exceed $5,000.

Rule and Regulation 30 adopted by the Department defined funeral expense insurance and set out qualifications for license.

Amusement Attraction Permits

Act 837 of 1983 requires any person desiring to operate an amusement attraction or amusement ride to first obtain a permit from the Insurance Department.

Using the requirements set out in the Act, the Department formulated procedures to be used in making application. Twenty-one (21) Amusement Attraction permits were issued by the Department in 1983.

Future Needs

In order to properly service the 25,000 agents in this State, it is absolutely essential to provide agents with the latest regulatory requirements and to ensure that agents are properly equipped to give needed service to the policyholders of this State.

It will be impossible to maintain the efficiency of this Division without an upgrade of staff or mechanization of the procedure. The response time of this Division is well ahead of that in most states.

COMPLIANCE DIVISION

LIFE AND HEALTH SECTION

The Life and Health Compliance Section is responsible for the regulation of all life and health policy filings and rate increase filings which are submitted for review and approval by companies that have been issued a Certificate of Authority to conduct the business of insurance in the State of Arkansas.

The division is staffed with three rate and form analysts and a rate and form analyst supervisor. The three analysts review policy forms to determine whether or not such forms are in compliance with the applicable state insurance regulations and laws. In 1983, the Life and Health Compliance Division reviewed 14,809 such filings.

A secretarial pool was formed in 1983 to be utilized by both the Life and Health and Property and Casualty sections. This pool consist of three secretaries who are responsible for the typing of all correspondence, filing, handling and sorting of mail, and various record keeping.

During 1983, the Life section saw a greater influx in the filing of Universal Life, Indeterminate Premium and Annuity policies. These policies are tied directly to the current interest rate, thereby, generating more interest from the public. Consumers may view these policies more from the standpoint of an investment, as opposed to the traditional low interest bearing whole life policies.

Act 710 -Refund of Unearned Premium upon cancellation by the Insured generated many inquiries from companies both by mail and telephone. It appears that Arkansas is the only state which has a law of this nature and it has caused a great deal of concern to the life industry. For years, unearned premiums were calculated into the cash surrender amount. Act 710 changed this calculation method. An Attorney General's opinion as to the constitutionality of this law was requested by the domestic life insurance industry.

The Baldwin-United -National Investors Rehabilitation created thousands of phone calls to this division by policyholders who had purchased a Single Premium Deferred Annuity Policy not only from National Investors, but through other insurers.

After the Supreme Court ruling on the Norris Decision regarding discrimination of insurance premium rates for male and female, numerous uni-sex filings were received.

Amendment 60 as pertains to Ark. Stat. Ann. §66-3308 has become somewhat of a problem for the life insurance industry. This division has received several inquiries regarding the procedure by which the insureds may set interest rates. There is a two-fold problem with this statute. The law does not specifically spell out at what time the interest rate should be set, at the time the policy is issued or at the time a loan is taken out. The other problem deals with the different rates used for commercial loans and consumer loans. Generally, the insurer has no way of knowing the purpose of the loan.

The division experienced problems in the area of advertisement for both Life and Health Insurance. Due to the limited staff, the Division is unable to properly police the materials used in the marketing of these products. Because of the drastic change which has occurred in life insurance products, consumers are no longer able to understand the complex nature of the policies which they are purchasing; therefore, we received numerous inquiries regarding statements used in solicitation materials. In 1984, the Department will revise the present Life Insurance Solicitation Regulation to alleviate part of this problem.

An order was issued by the Department declaring Section 14 of Rule and Regulation 12 (Credit Life and Credit Disability Insurance Regulation) invalid. This section of the regulation allowed for no more than a 35% commission rate to be paid to agents. Inquiries and meetings with the industry resulted as a direct result of the order. Legislation will be needed to revise a portion of the law which sets the maximum allowable commission as it pertains to accident and health credit insurance.

Health

The Health Section saw several changes occur in the area of health insurance during 1983. The primary change has been in the area of cost containment. Companies are beginning to incorporate language into their policies which may help curb the heavy losses they have sustained over the last several years due to inflation in health care cost.

Act 357 (Well Baby Care) generated many inquiries from the industry. The law mandates this coverage.

Due to health insurance premium rate increases, complaints were on the rise in 1983. Blue Cross/Blue Shield of Arkansas had rate increases in both their group and individual health business and Medi-care Supplement business. Because Blue Cross is the largest insurer of Arkansas residents, these increases generated complaints and inquiries from hundreds of Arkansas policyholders.

At the end of 1983, many inquiries were received regarding the requirements for establishing Health Maintenance Organizations. It is felt that 1984 will see several requests for licensings of HMO's. Presently, there are no HMO's established in Arkansas.

Several requests have been made for approval of Discretionary Groups. The major concern with these filings is in the area of marketing. Some are marketed through financial institutions. It has become a nationwide concern that the banking industry is trying to enter the field of insurance. This issue is being discussed at both federal and state levels.

In 1983, a total of 37 new life and health companies were admitted to do business in Arkansas.

COMPLIANCE DIVISION

PROPERTY AND CASUALTY SECTION

The Property and Casualty Section is responsible for the general regulation of property and casualty business conducted in Arkansas. The Division is staffed with four analysts and a supervisor. Duties include reviewing rates to be charged, rules to be utilized, review and approval of contracts and addressing consumer complaints concerning premiums. In 1983, analysts reviewed 17,579 contracts and reviewed 4,377 rate and rule filings. Numerous submissions required amendments to cure deficiencies or defects that would have substantially limited coverage to the insurance buyer or subjected the buyer to unreasonable insurer requirements before payment of a loss.

Licensed insurers are not always able or willing to satisfy all insurance demands of the public. When this occurs, consumers have the opportunity to place their business with an "unauthorized" or "non-admitted" insurer. Surplus line insurance can only be placed in non-admitted companies which are "approved" to write this kind of insurance in the state.

A company desiring to transact surplus line business must apply for admission on the same basis as any other property and casualty insurer. Companies approved to transact this business do not receive a Certificate of Authority but are included as an "approved" surplus line company. The National Association of Insurance Commissioners also maintains a list of "approved" insurers of which many, are located outside the United States. Insurance may be placed with companies on either list. In 1983, there were seventy-nine (79) companies authorized by Arkansas to write surplus line business. Insurance is usually placed with a surplus line insurer by a surplus line broker. The licensing of these brokers and annual renewal of these licenses is the responsibility of this Division. In 1983, there were fifty-five (55) licensed surplus lines brokers in Arkansas. When policies are written in a surplus line company, the broker must file an affidavit with this Division showing the coverage written and the premium charged. This Division received 14,728 affidavits during 1983. There is a 4% tax due on all surplus line premiums payable on the first day of March for the preceding calendar year. All brokers must submit an annual statement to this Division reflecting business transacted.

These statements are verified by comparing affidavits filed by the broker throughout the year. Arkansas law regarding unauthorized insurers also requires that any person or business who obtains their own insurance from a non-admitted company on risks located in Arkansas pay a 2% "self-procured" tax to this Department. In 1983, this Division collected $73,265.04 in self-procured premium tax. The largest amount was $68,803.52, paid by Middle South Utilities/Arkansas Power and Light Company.

This Division performs the initial review of documents submitted by an insurer desiring to transact insurance in this state. A review is made of applications to determine that Department required documents are included and some general eligibility requirements met. In 1983, there were 101 applications for admission received. These admissions are forwarded to members of the Admission Review Committee for their comments and recommendations to the Commissioner. The supervisor of the Property and Casualty Section is a member of the admission review committee and reviews the applications of insurers who desire to transact those kinds of insurance in Arkansas. In 1983, there were forty-eight applications by property/casualty insurers. Twenty-nine applications were approved, fifteen were disapproved, and fifteen were withdrawn. There were three non-admitted insurers added as approved surplus line insurers.

Automobile clubs or associations are authorized by Ark. Stat. Ann. §75-1601 through §75-1608. Automobile clubs desiring to transact business in Arkansas are required to obtain a Certificate of Authority that is renewable annually. The admission of automobile clubs is handled on the same basis as the admission of any other insurer. The renewal of these certificates after review of their statement is the responsibility of this Division. In 1983, there were twenty-one automobile clubs or associations issued a Certificate of Authority.

PRIORITY ISSUES AND CONCERNS OF PROPERTY AND CASUALTY INSURANCE

Rate Regulation

Arkansas enacted a competitive rating law for most property and casualty insurance lines in 1979. Prior to this time, these insurance rates had been subject to the "prior approval" system, under which insurers could agree in concert as to what rates to charge, provided that their rating decisions received the approval of the Insurance Department.

Competitive pricing continues the rule that insurance rates cannot be excessive, inadequate or unfairly discriminatory. It differs from the prior approval system by eliminating the need for regulatory approval of rate changes while prohibiting anti-competitive conduct. Companies have responded to economic and market conditions with flexible rate structures and increased insurance availability. Arkansas' rate of market expansion appears to be greater; companies have been penetrating markets that in the past has been virtually unattended. For example, our residual auto market has experienced an approximate 30% decrease in the number of applications submitted each year since 1980. Total direct premiums written in Arkansas through surplus line insurers have declined since 1980. Information from industry sources indicate that Arkansas had average annual automobile premiums that ranked among the lowest in the country. In 1981, the Arkansas legislature brought workers' compensation under the competitive rating law, and insurers for the first time were required to file rates on an individual basis.

Unlike aspects of competitive rating for other property/casualty lines, workers' compensation rates must receive prior Department approval. Advisory organizations may submit workers' compensation rates for Department approval that contain expense loading.

These rates may be "referenced" on an individual basis by insurers. The rates may be modified by insurers by filing. In 1983, 108 insurers received approval for rate adjustments. Further amendments to the workers' compensation law could enhance the competitive pricing of this insurance and would remove vestige of "cartel pricing".

Arson

Arson is a crime that endangers the lives of residents and of firefighters, erodes the tax base of a community when destroyed property is not rebuilt, and causes higher property insurance premiums. To combat the arson problem, the property and casualty insurance industry in Arkansas, in conjunction with the State Fire Marshal and this Department, is endeavoring to maintain an active Arson Awareness Program. This Division serves on the Arkansas Arson Advisory Committee.

In 1983, Act 359 provided that insurers' in arson-prone areas utilize a tiered application to solicit information in the area of ownership, valuation, financing, tax arrears and loss history. This Act also provides that the Insurance Commissioner, after a public hearing, will determine an area arson-prone. Since Arkansas has uncredible statistical collection at this time, it is difficult to justify statistically that an area is arson-prone. A legislative amendment to allow a party to request an arson prone designation would provide the best utilization of this Act.

Mandatory Liability Insurance

Arkansas currently has a "security-type" financial responsibility law. When a driver is involved in an accident that results in bodily injury or death, or property damage in excess of $350, that driver must file with the Department of Finance and Administration "proof" of security. Drivers who maintain liability insurance will have their insurance company file this proof on their behalf. Evidence of security may also be in the form of a bond, money or proof of self-insurance. Drivers without insurance, or uninsured motorists, have been a subject of study by Legislative Committees and industry organizations.

In nearly every session of the legislature a bill is introduced to mandate compulsory automobile insurance. To date, such a law has not been adopted and is generally not supported by the Insurance Industry.

FINANCE DIVISION

The staff of the Finance Division consists of an Assistant Commissioner for Finance, a Chief Financial Examiner, a Market Conduct Examination Supervisor, a Liquidation and Rehabilitation Officer, a Certified Finanical Examiner, three Senior Examiners, one Examiner, one Accountant, one Securities Custodian and one Secretary. Duties include financial examinations, market conduct examinations, administration of security deposits, receiverships, review of statutory financial statements, operation of the Arkansas Property and Casualty Guaranty Fund, and the review of new company admission applications, and merger and acquisition documents. This division is also primarily responsible for answering inquiries concerning the application of the statutory provisions of the Arkansas Insurance Code concerning the financial restrictions applicable to investments and assets and liabilities of insurers.

The Assistant Commissioner for Finance is responsible for the overall operation of the Division in the review and analysis of insurance companies selling policies in Arkansas. The Chief Examiner supervises the conduct of on-site examinations of all domestic insurers.

Financial Examination

The primary function of the financial examination staff of the Department of Insurance is to conduct financial examinations of all domestic insurers, and to maintain on-going surveillance over them. The staff is also expected to participate in on-site examinations of foreign companies, in cases deemed appropriate by the Commissioner of Insurance.

Each insurance company, domestic and foreign, which operates in the State of Arkansas, is required to file a comprehensive financial report as of each year-end by March 1 of the succeeding year. Most of the examination process revolves around verification and analysis of these reports.

As of December 31, 1982, the following classifications of domestic insurers were licensed by, and operating in the State of Arkansas:

Legal reserve life companies	30
Stipulated premium life companies	23
Farmers mutual aid associations	15
Property and casualty companies	12
Mutual assessment life associations	3
Hospital and medical service corporations	2
Title insurance companies	1
Total	86

The table of organization for the financial examination staff provides for: a Chief Examiner, one Certified Financial Examiner, three Senior Examiners, and one Examiner.

During the month of December, a Certified Financial Examiner was employed to bring the staff to full complement.

During the first half of 1983, the Department of Insurance operated with the services of only two financial examiners, one of whom was totally occupied with one company, which severely reduced productivity. During this period only one examination was completed, and four examinations were in process at the end of the period. During the last half of the year, with increased personnel, twelve examinations were completed and eight examinations were in process at December 31, 1983. The companies examined and under examination were:

Examined

Agents Mutual Insurance Company
American Western Life Insurance Company
Arkansas National Life Insurance Company
Cosmopolitan Life Insurance Company
Farmers and Merchants Mutual Casualty Insurance Company
Farmers and Merchants Mutual Property Insurance Company
Farmers Mutual Insurance Company*
Farmers Mutual Insurance Company, Inc.*
Farmers Protective Insurance Company*
First Pyramid Life Insurance Company of America
Griffin-Leggett Burial Insurance Company
Memorial Insurance Company of America

*Certified audits accepted in lieu of departmental examinations.

Examinations in Progress

Farmers Union Mutual Insurance Company
First Deposit Life Insurance Company
Greene and Clay County Farmers Mutual Insurance Association
Jackson-Griffin Insurance Company
Mt. Hood Pension Inurance Company
National Investors Pension Insurance Company
National Investors Life Insurance Company
Town and Country Mutual Insurance Company

Forty examinations must be conducted during 1984 to bring the Department of Insurance into current posture for financial examinations. While it is unrealistic to expect to attain this position, it is the goal of the examination staff to come as close as possible.

Major Projects

1. During the course of the year, and especially during the first six months, the Finance Division reviewed various transactions relating to the financial operation of The National Investors Life Insurance Company, the National Investors Pension Insurance Company and Mt. Hood Pension Insurance Company. Due to the complicated nature of many of these transactions, and the seemingly unlimited resources of the companies, these activities greatly taxed the capabilities of the Department, and clearly brought forth the need for increased automation in this area of regulation.

In addition, the Division responded to in excess of a thousand calls concerning these companies, during the first months of the year.

2. The Iowa State Travelers Mutual Insurance Company, an Iowa domestic life and disability insurer, was placed into receivership in February. The company was licensed in Arkansas, and had several insureds in this state through various employer groups. Since Arkansas does not have a guaranty fund, many claim payments have been delayed.

3. During April, the Division began review of the proposed acquisition of the Daniel Insurance Company of Searcy, by the First Pyramid Life Insurance Company of America, Little Rock. The acquisition was subsequently approved and the name of the company was changed to Pharaoh Life Insurance Company.

4. Also in April, the Division was notified that the Drummond Citizens Insurance Company was being sold, and began review of that transaction. The company, which was based in Little Rock, was ultimately purchased by First American Bancshares, Inc., the holding company that owns First American National Bank in North Little Rock. The home office of the Company is in the process of being moved to that city.

5. The Higginbotham Burial Insurance Company of Walnut Ridge was placed into rehabilitation in May. This has been a particularly troublesome proceeding, and the Department continues to control the company, subject to the Circuit Court's approval. Based on the latest financial statement prepared, this company is solvent. Hopefully, a satisfactory disposition of this matter can be reached during 1984.

6. Delta Life and Annuity Company, North Little Rock, filed a request for approval to acquire the Central Guardian Life Insurance Company, a Mississippi insurer, during May. The review of this proposal included the holding companies of both the domestic insurer and the foreign company being purchased. Central Guardian was owned by Midland Trust Company, a Tennessee corporation.

7. The Lumbermans Reciprocal Insurance Exchange, a domestic reciprocal, notified the Department that they had decided to dissolve their business. This Little Rock insurer has been in the insurance business in Arkansas since 1939. They expect to complete the dissolution during 1984.

8. In August, The Paramount Life Insurance Company of Little Rock, asked for approval to form a trust company as a wholly owned subsidiary. The extensive review involved with this request included regular contact with the State Bank Department. This request is pending with both agencies at this time.

9. During August, the Department participated in the approval of various phases of a proposal that resulted in the building of a new home office building for the American Home Life Insurance Company, North Little Rock. The $750,000 building is being constructed on Main Street in that city.

10. Independence Federal Insurance Company filed an admission application during August, asking to be licensed as a domestic life and disability insurer. The review of this filing included background investigation of its holding company, the Independence Corporation, which also owns the Independence Federal Bank, FSB. The corporate offices of the parent and the Bank are in Batesville. The company was issued a Certificate of Authority effective December 30, 1983.

11. In order to review the proposed merger of Farmers Insurance Company of Arkansas, a domestic property and casualty insurer, into Farmers Insurance Company, Inc., the latter had to become licensed in Arkansas. Since the Arkansas company wrote a major portion of the personal lines coverage here, a careful review was made to insure that the policyholders would not suffer any loss of service as a result of the merger. Questions coming from that review delayed the consummation of the transaction until after the first of 1984.

12. A Form A Statement Regarding the Acquisition of Control of or Merger With A Domestic Insurer was filed on behalf of National Old Line Insurance Company, dated September 27, 1983. At the time of the filing this domestic life insurer was a wholly owned subsidiary of Ennia, N. V., the third largest insurance holding company in the Netherlands. The pro-posal involved the merger of Ennia with the fourth largest insurance holding company in the Netherlands, AGO Holding N. V. A hearing was held on October 19, and an Order approving the merger was subsequently issued.

13. American Western Life Insurance Company, a domestic life insurer owned by various automobile dealers throughout Arkansas, filed a plan of reorganization with the Department on August 3. The plan essentially involved an effort by the board of the company to make profits a greater benefit to the dealers that were producing the majority of the business. This company also changed their management agreement during this time, from White and Company to Union Life Insurance Company.

14. The Division's review of the 1982 Annual Statement of the Foundation Life Insurance Company of Fort Smith, Arkansas indicated that serious problems existed with the company's investment portfolio. After meeting with the company officials and requesting further documentation and information, it was determined that the company was statutorily insolvent. A notice of this insolvency was sent to the company. A hearing was also held regarding the market conduct examination conducted on the company, certain investment problems, and the company's failure to respond to the Department in a timely manner. Briefs were filed in the matter and a decision is pending.

15. The Producers Insurance Company was placed into rehabilitation on November 18. The company, a domestic insurer, was owned by dairy farmers and former dairy farmers and was mainly used to provide owner/ insureds and their employees health coverage. Several attempts were made after that date to find another carrier to assume the company, but the quality and loss history of the business made those efforts unsuccessful. Subsequent to the end of the year the majority of the policies of the company were cancelled by the Circuit Court. The charter and life insurance policies are presently being held for bid. The proceeds of any sale are to be used to make up the claim deficit of the company.

16. The American Underwriters Insurance Company of Morrilton was the subject of an acquisition filing in December. This company and its affiliate, the American Mutual Insurance Company have been operated since 1958 by the American Management Corporation. The purchaser was a native of Arkansas and had been successful in the insurance business in California. A hearing on the acquisition was held after the first of the year and an order has been entered approving the transaction.

17. Central Investors Life Insurance Company, with its home office in El Dorado, was placed into rehabilitation in December based on its insolvency condition. The records of the company were in exceptionally poor condition and efforts to determine the exact condition of the company have been greatly hindered. The Department is currently attempting to straighten out this situation and find a buyer for the business.

18. A filing of a Form A was made December 22, regarding the acquisition of the First Citizens Life Insurance Company of Fort Smith. The proposed purchaser is MTM Investment Corporation which is located in Dallas, Texas. This transaction was pending at year-end and should be set for hearing in the early part of 1984.

19. Delta Life and Annuity Company was the subject of an acquisition filing made in December. The filing involves the purchase of the majority of the holding company stock of Delta Life, Delta Holding Company. This majority interest was acquired by Midland Trust Company, a reactivated Mississippi trust company. Midland Trust Company is ultimately owned by a group of Mississippi bankers and automobile dealers. (The acquisition was approved after a hearing in January, 1984).

The Market Conduct Examination Supervisor is responsible for the conduct of examinations of insurers regarding their underwriting, marketing, complaints procedures, and overall policyholder service. This additional review of company operations allows the Commissioner to identify problem areas and take corrective actions before policyholder interests are affected.

MARKET CONDUCT EXAMINATIONS COMPLETED IN 1983

Company	Home Office Location
Providential Life Insurance Company	3001 John F. Kennedy Blvd. North Little Rock
Union Life Insurance Company	Union Life Building 306 Center Street Little Rock

The Rehabilitation and Liquidation Section is responsible for the handling of all claims, complaints, and inquiries concerning insolvent, and otherwise delinquent insurers. The Liquidation and Rehabilitation Officer conducts the day to day affairs of insurers that are placed under court order for supervision, conservation, rehabilitation or liquidation. The Liquidation Officer is also responsible for maintaining the proper disposition of the assets and liabilities of the delinquent company, and accounting for all transactions of the receiver.

Proprietors Insurance Co.	Ohio
Security Casualty Company	Illinois

The primary responsibility of one of the accountants is as Securities Custodian. The Securities Custodian handles the establishment of accounts and maintenance of all securities deposited by insurers with the Commissioner in order to comply with statutory requirements. The various domestic and foreign insurance companies transacting business in the State of Arkansas have on deposit with this Department a total of $249,619,210.65 maintained in approximately 900 separate accounts. Of this amount, $15,900,000 consists of qualifying bonds filed and maintained with the Commissioner. Securities eligible for deposit consist of bonds, debentures, certificates of deposit and mortgages. Bonds and debentures are verified through the National Association of Insurance Commissioners, Valuation of Securities Office, with market values ascertained through local brokerage firms. Approximately 30 trans-actions involving these accounts are reviewed and completed monthly by the Securities Custodian while monitoring compliance with applicable statutory deposit requirements.

The Arkansas Property and Casualty Guaranty Fund was created by Act 871 of 1977. The Fund provides a method for the collection of monies to be used to pay the claims of licensed insurers that are determined to be insolvent. These funds are received through assessments against the remaining licensed insurers that write similar types of coverage as the insolvent company. Assessments are based on the net direct written premium for all kinds of insurance except life, title, disability, credit, mortgage guaranty, and ocean marine. Each insurer pays a proportionate amount based on the ratio of their net direct written premium for the year immediately preceding the assessment to the total net direct written premiums received by all insurers for that year. This method provides that all assessments are shared on a pro-rata basis. Insurers are allowed to recoup assessments paid through tax credits against amounts due the State of Arkansas.

The Guaranty Fund was first implemented in July of 1979, as a result of the insolvency of Reserve Insurance Company. Assessments totaling $199,447.67 were received from 342 member insurers. One additional assessment has been made since that time, in November of 1982, which totaled $324,544.52.

TOTALS	$182,204.58	$137,410.85	$8,029.65	$6,648.86

The majority of licensed insurers in Arkansas are life and disability writers. Our definition of life insurance includes annuity products. Thus, the largest premium dollars collected from Arkansas citizens are for these types of products. Because of these facts, and the most recent NILIC situation, it is essential that we consider a guaranty fund covering these lines of business to adequately protect the interests of our citizens. Unlike most property and casualty situations, the insureds may have paid life premiums for several years prior to the date of the insolvency.

Some of them may no longer be insurable, as we have experienced with the Producers Insurance Company matter. Also with Producers, there are several hundred insureds with pending claims for hospital and medical services. Some of these people depend on medical treatment for the ability to carry on normal lives. Some have experienced difficulty in obtaining continued treatment because of outstanding balances which they are unable to pay.

The Insurance and Commerce Interim Committee is currently reviewing proposed legislation.

ACCOUNTING DIVISION

The Accounting Section consists of a Fiscal Officer, one Accountant II, one Accountant I, one Bookkeeper II, and one Secretary II.

In January of each year, the Department mails a premium tax package to approximately 1,300 licensed insurers. The package contains all premium tax forms necessary for the filing of annual statements by March 1 each year. All licensed insurers must file a financial statement (annual statement) for audit by the Department. When the annual statements arrive through March 1, the premium tax checks are photocopied for internal audit and in preparation of depositing the checks into the State Treasury within a twenty-four hour time period after the statements arrive.

The attached finanical statement shows tax collected of $37,648,089.85 and fees collected of $1,802,104.92 or total collections for 1983 of $39,450,194.77 compared to total collections in 1982 of $36,197,020.52 or an increase of $3,253,174.25.

The 1,300 annual statements are audited to verify premium taxes and fees collected. If any discrepancies appear in the statement data compared to taxes paid, a letter is prepared requesting clarification or correction.

Property and Casualty insurers writing fire or auto insurance must complete forms on Firemen's or Police Pension. The forms are audited while working the annual statements. The proper tax rate is then applied to the allocated Firemen's or Police Pension Fund. The forms are then sent to Department of Computer Services for compiling the proper premiums per location (approximately 300 insurers submit information on 300 different locations for Firemen and 42 different locations for Police). After the reports are received from DCS, the Division makes distribution according to total taxes collected for Firemen which amounted to $4,786,154.87 in 1983 and Police which amounted to $2,247,185.02 in 1983.

The Division maintains control over all financial matters within the office by preparing fiscal year budgets, biennium budgets, payment of all invoices, purchasing all furniture and equipment, ordering all supplies, preparing all documentation on personnel transactions for biweekly payroll, biennium conversion on payroll, freeze lift request, job advertisement request, and all paperwork processed between this Department and Office of Personnel Management on personnel matters for upgrades and reclassifications.

Every check (approximately 200 per day) received in the Department must be routed by this Division and posted in ledgers for audit verification before deposit into State Treasury.

If any overpayments are made on taxes or agents license, a refund will be issued by the Division.

PUBLIC EMPLOYEE CLAIMS DIVISION

Under the provisions of Act 809 of 1979, as amended by Act 929 of 1981, the Public Employee Claims Division of the Arkansas Insurance Department is the governmental agency responsible for the investigation, determination, payment, management, and administration of the seven thousand (7,000) job injury claims filed each year by the public workers of the State.

Where not otherwise excluded by reason of a privately written policy for their workers' compensation liability, the public employers have state workers' compensation fund protection for their employees. The State now provides workers' compensation benefits protection to the employees of state agencies, colleges and universities, vo-tech schools, boards and commissions, public school districts, and cities, towns, and counties of the State. Workers' compensation coverage is also provided for the emergency services volunteer workers who are accidentally injured while performing emergency volunteer services under the call and supervision of the State of Arkansas or the Chief Executive Officers of the political subdivisions thereof.

In payment of workers' compensation benefits to the public workers, a total of $8,200,000 was disbursed from the four (4) funds administered by the Division in calendar year 1983. At the end of 1983, the State had an accrued but unfunded liability of $17 million in its workers' compensation programs.

FUNDING

The funding for the workers' compensation claims program comes from three (3) sources: (1) the "premiums" paid by the State agencies; (2) general revenue fund reimbursement from the school aid funds; and (3) general revenues for payment of claims of the employees of the cities and counties.

At this time, the State Revenue Laws allow "free" workers' compensation coverage to the cities and counties of the State. The "free" coverage does not give the public employers any incentive to control loses, nor provide loss prevention and safety programs to its employees. The State needs to implement a fair and equitable funding mechanism for the cities, counties, and school districts of the State. This is so in order to provide incentives in the program to assure loss control and loss prevention in the public employment sector.

Workers' Compensation Premium Tax

Act 393 of 1983 made provisions for the public employers of the State to pay the workers' compensation premium tax just as the private employers of the State do. While the public workers have been participating in the benefits of the Second-Injury Fund and the Permanent and Total Disability and Death Fund administered by the Workers' Compensation Commission, the public employers, until the passage of Act 393 of 1983, had not had to contribute any money to those funds. While there was some opposition to Act 393 from the cities and counties, the General Assembly decided that the public employers needed to pay the tax.

The Division is serving as the collector of the tax for this first tax period. The tax is based on a formula that takes into consideration the gross salaries paid to all of the employees in the public sector multiplied by a factor for the risk classification of the employees and then multiplied by the tax rate, as established by the Workers' Compensation Annuities pursuant to the Workers' Compensation Law.

Once collected, the tax will be transferred on April 1, 1984 to the Workers' Compensation Commission for deposit to its funds and management thereof. As declared by the Commission, the tax collected on the 1983 calendar year payrolls of the public employers will be used solely for the benefit of the Permanent and Total Disability and Death Bank Fund, the fund most needing the tax dollars. The tax to be collected from the public employers will be approximately $2 million dollars.

While there have been many questions from the public employers regarding the tax and its computation, the collection of the tax by the Division has been running smoothly. However, shortly at the first of the year a suit was filed by the City of El Dorado, Parkers Chapel School District and Howard County challenging the constitutionality of the Act.

Claims Management

The Division operates the State's multi-million dollar claims office with a staff of twenty-seven (27) people. Seven (7) people are directly responsible for the investigation, determination, and management of the claims filed with the Division.

In addition to the Claims Determination Managers' responsibilities, the Claims Determination Managers of the Division provide technical assistance to the public employers and their employees. The claims managers hold workshops and seminars across the State when and as needed to help and assist the public employers in their timely reporting of job-related injuries and the employees in reporting their claims.

The Division has grown over the years to where that at any point in time the Division will have some 1,500 to 1,600 lost time and disability claims in active claims management. The Division is now at that point where it needs a person to assist the Director in providing daily supervision of the claims management staff.

Rehabilitation

The Workers' Compensation Law provides that the employer, i.e., the employers' liability carrier, shall be responsible for the rehabilitation of the workers back to a productive status, if possible.

The Division's claims management staff is acutely aware of this area of the law and well informed in it. The Claims Determination Managers are trying to use all resources available to them, but they need a specialist to assist them in this very technical and expensive area of Workers' Compensation Law. A staff of Rehabilitation/Medical Representatives would be a wise investment by the State and would prove to be a tremendous benefit to the State funds and to the public workers.

COMPUTER SERVICES

At the close of the year 1983, the State of Arkansas was operating a multi-million dollar claims program. Its program, however, was still operating on a manual claims management and bookkeeping system.

The Division's management cannot respond to the lost trends and problem areas in the public employment sector without up-to-date information. While the need for a computerized system has been documented and justified, the funds needed for the purchase of a system have not been appropriated.

The State must make an investment in this area of its claims operation and move the Division's record-keeping from a 1960's operation into a 1984 workers' compensation claims management operation.

RISK MANAGEMENT DIVISION

SIGNIFICANT ACTIVITY OF 1983

1. Finished all inspections for Parks and Tourism. This was an inspection of every building within their system. There are 586 buildings within the Parks and Tourism Department.

   This report alone ran over 1,100 pages. The appraisal service alone would have cost $67,584.00 had it been done by a private concern.

2. Department of Computer Services -Made a complete inspection of facilities and bid their coverage. It amounted to a $442.00 savings.

3. Department of Mental Health -Researched and developed a Professional Liability Policy which saved $30,000.00 over previous years.

4. Completed inspections on all property owned by State Building Services.

5. Social Services Division of the Department of Human Services -Developed and bid a program for their Homemaker and Health Aid Programs, Liability insurance only.

6. Worked with the Attorney General to secure a $400,000.00 Supersedeas Bond. Under emergency procedures the need was created by the Creation Science Law suit.

7. Made a physical inspection of Mid-America Museum and worked on their liability coverage.

8. Prairie County Museum -Physical inspection and appraisal.

9. Updated property for Secretary of State, Henderson State University, Forestry Commission, and the Vocational Technical Schools, all 24 of them.

10. Developed and bid the Boiler and Machinery (statewide) Policy. Amounted to a $21,000.00 a year savings over previous programs. The limits of the coverage were increased substantially and the type of coverage was upgraded from a Standard Boiler and Machinery Policy to a Comprehensive Boiler and Machinery Policy.

11. Worked with the Arkansas Intercollegiate Council to bid their athletic insurance, which is available to all AIC schools or other State supported schools.

12. University of Arkansas for Medical Sciences -Developed a Dental Health Program and an Excess Personal Liability Program.

13. Made a physical inspection and developed the bid for East Arkansas Community College and Garland County College.

14. Inspected the Youth Services Program in Pine Bluff and bid the program for a savings of $4,798.00.

15. Inspected and assisted in the bidding of Faulkner County insurance for all of County Government with substantial savings.

16. University of Central Arkansas -Group Health Program.

17. Metroplan -Group Health Program.

18. Department of Corrections -Currently in the process of finishing a $65,000,000.00 program with 300 to 400 buildings involved.

19. Working with legislative groups on developing a Public Official Bond.

20. Review of all vouchers pertaining to insurance.

21. The Bureau of Standards was inspected. A bid was developed for their specialized coverage with savings of $1,921 annually with increased coverage.

22. Department of Education -Inspection of all buildings and bid, which saved $9,000 annually.

23. Commemorative Commission -Inspection of the property and bid which saved $6,266 annually.

24. Assisted Arkansas State University in the bidding of their property coverage.

25. Inspected Livestock and Poultry property.

26. Inspected Pollution Control and Ecology property.

27. Inspected Department of Veteran Affairs property.

28. Inspected Arkansas State Nursing Board property.

29. Bid the State Fleet which consists of approximately 2,800 vehicles. Coverage was increased from $300,000 maximum to a $500,000 maximum, and over $100,000 per year was saved in this program.

30. Sample inspection made of Southern Arkansas University-Magnolia which included 14 buildings.

31. Worked extensively on Clark County including all buildings, contents, road equipment and motor vehicle equipment.

RISK MANAGEMENT IN 1984

CURRENT PROGRAMS

Continuation of physical inspection of state buildings, structures, and equipment. Develop surety bond program for disbursing officer and agency directors. Develop blanket surety bond program for State (enabling legislation). Research health insurance benefit program-comparisons between state agencies.

Department of Human Services - 1983

The Risk Management Program that was developed for the Department of Human Services was highly effective in terms of savings generated ($253,935) not including earthquake and flood coverages which could conservatively amount to an additional $80,000. A major benefit to this program was:

1. Three (3) divisions that were previously non-protected from financial ruin are now covered.

2. Three (3) divisions were grossly underinsured which has been corrected.

3. One section of a division had the wrong type coverage which could have rendered its coverage grossly ineffective and inadequate in the event of a loss.

SUMMARY

This is a critical period for the regulation of insurance in Arkansas as well as other states. The insurance industry is designing new products and changing the scope of their business on a very rapid basis. Questions of solvency are increasing in every state.

Additionally, there are on-going questions of federal encroachment into the regulation of insurance and the separation of banking and insurance for the protection of the consumer in Arkansas.

If the consumer is to be protected, Arkansas will have to invest more in its regulation of the industry. There were six (6) Arkansas domestic companies in rehabilitation at the end of 1983. To more properly regulate companies, the Department needs to upgrade its staff and to mechanize its facilities. Arkansas can ill afford to not properly protect the policyholders of this State.
