The Senior Health Insurance Information

Program (SHIIP) is part of a national network of programs that offer free, confidential counseling and assistance with Medicare. SHIIP has partnered with several non-profit organizations to provide invaluable service to Arkansas's communities, including counseling beneficiaries through the annual prescription drug plan period and connecting with seniors who have limited incomes to help them save money on health care costs.

SHIIP volunteers are known statewide as trusted advocates who provide objective, accurate, and confidential assistance to Medicare beneficiaries.

Listed on the following pages, in alphabetical order, is the contact information for each of the Partner Organizations.
