NOTES TO FINANCIAL STATEMENTS

1. Summary of significant accounting policies

A. Accounting practices

The accompanying statutory financial statements of Coventry Health Care of Kansas, Inc (a Kansas corporation) (the "Company"), indirectly a wholly-owned subsidiary of Aetna Inc. ("Aetna"), have been prepared in conformity with accounting practices prescribed or permitted by the Kansas Insurance Department ("Kansas Department") ("Kansas Accounting Practices"). The Kansas Department recognizes only statutory accounting practices prescribed or permitted by the state of Kansas for determining and reporting the financial condition and results of operations of an insurance company, which include accounting practices and procedures adopted by the National Association of Insurance Commissioners' ("NAIC") *Accounting Practices and Procedures Manual* ("NAIC SAP").

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the state of Kansas for the years ending December 31, 2015 and 2014 is as follows:

	<u>State of Domicile</u>	<u>2015</u>	<u>2014</u>
<u>NET INCOME</u>			
(1) Company state basis (Page 4, Line 32, Columns 2 & 3)	KS	\$ 28,186,329	\$ 24,476,702

B. Use of estimates in the preparation of the financial statements

The preparation of these financial statements in conformity with Kansas Accounting Practices requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and revenue and expenses. Actual results could differ from those estimates.

C. Accounting policies

The Company applies the following significant accounting policies:

(1) Cash, cash equivalents and short-term investments

Cash, cash equivalents and short-term investments, consisting primarily of money market instruments and other debt issues with an original maturity of up to one year, are carried at amortized cost. Short-term investments consist primarily of investments purchased with an original maturity date of greater than three months but less than one year. Cash equivalents consist of highly liquid instruments, which mature within three months from the date of purchase. The carrying amount of cash, cash equivalents and short-term investments approximates fair value. Drafts that have not been presented for payment and remain outstanding at the balance sheet date are reported as a liability in the Statutory Statements of Liabilities, Capital and Surplus.

(2) Bonds

Bonds, which include special deposits, are carried at amortized cost except for those bonds with an NAIC designation of 3 through 6, which are carried at the lower of amortized cost or fair value. The amount carried at fair value is not material to the financial statements. Bond premiums and discounts are amortized using the scientific interest method. When quoted prices in active markets for identical assets are available, the Company uses these quoted market prices to determine the fair value of bonds. This is used primarily for U.S. government securities. In other cases where a quoted market price for identical assets in an active market is either not available or not observable, the Company estimates fair values using valuation methodologies based on available and observable market information or by using a matrix pricing model. If quoted market prices are not available, the Company determines fair value using broker quotes or an internal analysis of each investment's financial performance and cash flow projections. The Company had no investments where fair value was determined using broker quotes or an internal analysis of financial performance and cash flow projections at December 31, 2015 and 2014. Bonds include all investments whose maturity is greater than one year when purchased.

The Company periodically reviews its bonds to determine whether a decline in fair value below the carrying value is other-than-temporary. For bonds, other than loan-backed and structured securities, an other-than-temporary impairment ("OTTI") shall be recorded if it is probable that the Company will be unable to collect all amounts due according to the contractual terms in effect at the date of acquisition. Declines deemed to be OTTI in the cost basis are recognized as realized capital losses. Yield-related impairments are deemed other-than-temporary when the Company intends to sell an investment at the reporting date before recovery of the cost of the investment.

For loan-backed and structured securities, the Company records OTTI when the fair value of the loan-backed or structured security is less than the amortized cost basis at the balance sheet date and (1) the Company intends to sell the investment, or (2) the Company does not have the intent and ability to retain the investment for the time sufficient to recover the amortized cost basis, or (3) the Company does not expect to recover the entire amortized cost basis of the security, even if it does not intend to sell the security and has the intent and ability to hold. If it is determined an OTTI has occurred because of (1) or (2), the amount of the OTTI is equal to the difference between the amortized cost and the fair value of the security at the balance sheet date and this difference is recorded as a realized capital loss. If it is determined an OTTI has occurred because of (3), the amount of the OTTI is equal to the difference between the amortized cost and the present value of cash flows expected to be collected, discounted at the loan-backed or structured security's effective interest rate and this difference is also accounted for as a realized capital loss.

The Company analyzes all relevant facts and circumstances for each investment when performing its analysis to determine whether an OTTI exists. Among the factors considered in evaluating whether a decline is other-than-temporary, management considers whether the decline in fair value results from a change in the quality of the investment security itself, whether the decline results from a downward movement in the market as a whole, the prospects for realizing the carrying value of the bond based on the investee's current and short-term prospects for recovery and other factors. The risks inherent in assessing the impairment of an investment include the risk that market factors may differ from our expectations and the risk that facts and circumstances factored into our assessment may change with the passage of time. Unexpected changes to market factors and circumstances that were not present in past reporting periods may result in a current period decision to sell securities that were not other-than-temporarily-impaired in prior reporting periods.

- (3) The Company did not own common stocks at December 31, 2015 or 2014.
- (4) The Company did not own any preferred stock at December 31, 2015 or 2014.
- (5) The Company did not have any mortgage loans at December 31, 2015 or 2014.
- (6) Securities lending

The Company engages in securities lending by lending certain securities from its investment portfolio to other institutions for short periods of time. Borrowers must post cash collateral in the amount of 102% to 105% of the fair value of a loaned security. The fair value of the loaned securities is monitored on a daily basis, with additional collateral obtained or refunded as the fair value of the loaned securities fluctuates. The collateral is retained and invested by a lending agent according to the Company's guidelines to generate additional investment income for the Company. Pursuant to Statements of Statutory Accounting Principles ("SSAP") No. 103 - *Transfers and Servicing of Financial Assets and Extinguishments of Liabilities* ("SSAP No. 103"), collateral required under the Company's securities lending program is carried on the Company's balance sheet as both a receivable and payable. Also pursuant to SSAP No. 103, if the collateral received from a counterparty is less than 100 percent at the reporting date, the difference between the actual collateral and 100 percent is nonadmitted. Collateral value is measured and compared to the loaned securities in aggregate by counterparty. At December 31, 2015 and 2014, the fair value of collateral was \$0 and \$2,486,790, respectively.

- (7) The Company did not have any investments in subsidiaries, controlled and affiliated companies at December 31, 2015 or 2014.
- (8) The Company did not have any investments in any joint ventures, partnerships and limited liability companies at December 31, 2015 or 2014.
- (9) The Company did not have any derivatives at December 31, 2015 or 2014.
- (10) Aggregate health policy reserves and related expenses

Premium deficiency reserves ("PDR") are recognized when it is probable that the expected future hospital and medical costs, including maintenance costs, will exceed anticipated future premiums and reinsurance recoveries on existing contracts. Where allowed, anticipated investment income is considered in the calculation of any PDR. For purposes of calculating a PDR, contracts are grouped in manner consistent with the method of acquiring, servicing and measuring the profitability of such contracts. The Company had no PDR at December 31, 2015 or 2014.

The Company is required to make premium rebate payments to customers that are enrolled under certain health insurance policies if specific minimum annual medical loss ratios ("MLR") were not met in the prior year. The Company's results for full-year 2015 and 2014 included an estimate of \$11,517,071 and

\$8,430,447, respectively, of minimum MLR rebates, which were included in aggregate health policy reserves in the Statutory Statements of Liabilities and Capital and Surplus.

As discussed in Note 2, the Company began reporting liabilities associated with contracts subject to redetermination as aggregate health policy reserves in accordance with SSAP No. 54 – *Individual and Group and Accident Health Contracts* (“SSAP No. 54”) and SSAP No. 107 – *Risk-Sharing Provisions of the Affordable Care Act* (“SSAP No. 107”). The Company reported Federal Contingency Reserves of \$2,192,537 and Affordable Care Act (“ACA”) Risk Adjustment Payables of \$6,378,565 in aggregate health policy reserves at December 31, 2015.

(11) Hospital and medical costs and claims adjustment expenses and related reserves

Hospital and medical costs consist principally of fee-for-service medical claims and capitation costs. Claims unpaid include the Company's estimate of payments to be made on claims reported but not yet paid and for health care services rendered to enrollees but not yet reported to the Company as of the Statutory Statements of Assets and Liabilities, Capital and Surplus date. Such estimates are developed using actuarial principles and assumptions, which consider, among other things, historical and projected claim submission and processing patterns, medical cost trends, historical utilization of health care services, claim inventory levels, changes in membership and product mix, seasonality and other relevant factors. The Company reflects changes in estimates in hospital and medical costs in the Statutory Statements of Revenue and Expenses in the period they are determined. Capitation costs, which are recorded in hospital and medical expenses in the Statutory Statements of Revenue and Expenses, represent contractual monthly fees paid to participating physicians and other medical providers for providing medical care, regardless of the medical services provided to the enrollee.

The Company uses the triangulation method to estimate reserves for claims incurred but not reported. The method of triangulation makes estimates of completion factors that are then applied to the total paid claims (net of coordination of benefits) to date for each incurral month. This provides an estimate of the total projected incurred claims and total amount outstanding or claims incurred but not reported (claims unpaid). For the most current dates of service where there is insufficient paid claim data to rely solely on the triangulation method, the Company examines cost and utilization trends as well as environmental factors, plan changes, provider contracts, changes in membership and/or benefits, and historical seasonal patterns to estimate the reserve required for these months.

Claims adjustment expenses, which include cost containment expenses, represent the costs incurred related to the claim settlement process such as costs to record, process and adjust claims. These expenses are included in the Company's management agreement with an affiliate described in Note 10.

(12) The Company did not modify its capitalization policy from the prior period.

(13) Pharmaceutical rebate receivables

The Company estimates pharmaceutical rebate receivables based upon historical payment trends, actual utilization and other variables. Pharmaceutical rebates for a quarter are billed to the vendor within one month of the completion of the quarter with any adjustment to previously recorded amounts reflected at the time of billing. The Company reports pharmaceutical rebate receivables as health care receivables. Pharmacy rebate receivables over 90 days past due are non-admitted. All rebates are processed and settled with an affiliated entity.

(14) Premiums and amounts due and unpaid

Premium revenue for prepaid health care products is recognized as income in the month in which enrollees are entitled to health care services. Premiums collected before the effective period are reported as premiums received in advance. Premiums related to unexpired contractual coverage periods are reported as unearned premiums in the Statutory Statements of Liabilities, Capital and Surplus (refer to discussion of aggregate health policy reserves and related expenses above).

Non-admitted amounts consist of all premiums due and unpaid greater than 90 days past due, with the exception of amounts due under government insured plans, which may be admitted assets under certain circumstances. In addition, for any customer for which the premiums due and unpaid greater than 90 days past due is more than a de minimus portion of the entire balance of premiums due and unpaid for that customer, the entire balance of premiums due and unpaid for that customer is non-admitted. Management also performs a specific review of accounts and based on the results of the review, additional amounts may be non-admitted. Uncollectible amounts are generally written-off and charged to revenue in the period in which the customer reconciliations are completed and agreed to by the customer (retroactivity) or when the account is determined to be uncollectible by the Company.

(15) Aggregate health claim reserves

The reserve for future contingent benefits includes the estimated cost of services that will continue to be incurred after the Statutory Statements of Liabilities, Capital and Surplus date if the Company is obligated to pay for such services in accordance with contract provisions or regulatory requirements. These balances are recorded in aggregate health claim reserves in the Statutory Statements of Liabilities, Capital and Surplus and are estimated using a percentage of current hospital and medical costs, which is based on the Company's historical cost experience.

(16) Investment income due and accrued

Accrued investment income consists primarily of interest. Interest is recognized on an accrual basis and dividends are recorded as earned on the ex-dividend date. Due and accrued income is not recorded on: (a) bonds in default; and (b) bonds delinquent more than 90 days or where collection of interest is improbable. At December 31, 2015 and 2014, the Company did not have any non-admitted investment income due and accrued.

(17) Covered and uncovered expenses and related liabilities

Covered expenses and related liabilities represent costs for health care expenses for which a member is not responsible in the event of the insolvency of the Company. Uncovered expenses and related liabilities represent costs to the Company for health care services that are the obligation of the Company and for which a member may also be liable in the event of the Company's insolvency.

(18) Fees Paid to the Federal Government by Health Insurers

Health Care Reform established a temporary reinsurance program that expires at the end of 2016. Under this program, all issuers of major medical commercial insurance products and self-insured plan sponsors are required to contribute funding in amounts set by the U.S. Department of Health and Human Services ("HHS"). A portion of the funds collected will be utilized to reimburse issuers' high claims costs incurred for qualified individual members. The expense related to this required funding is reflected in insurance, taxes, licenses and fees for all of the Company's insurance products with the exception of products associated with qualified individual members; this expense for qualified individual members is reflected as a reduction of premium revenue. When annual claim costs incurred by the Company's qualified individual members exceed a specified attachment point, the Company is entitled to certain reimbursements from this program. The Company records amounts recoverable for claims paid and unpaid and ceded claim benefit recoveries to reflect its estimate of these recoveries.

(19) Accounting for the Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010's (collectively, "Health Care Reform") Reinsurance, Risk Adjustment and Risk Corridor (the "3Rs") pursuant to SSAP No. 107 – Accounting for the Risk-Sharing Provisions of the Affordable Care Act ("SSAP No. 107")

Reinsurance

Health Care Reform established a temporary reinsurance program that expires at the end of 2016. Under this program, all issuers of major medical commercial insurance products and self-insured plan sponsors are required to contribute funding in amounts set by the U.S. Department of Health and Human Services ("HHS"). A portion of the funds collected will be utilized to reimburse issuers' high claims costs incurred for qualified individual members. The expense related to this required funding is reflected in insurance, taxes, licenses and fees for all of the Company's insurance products with the exception of products associated with qualified individual members; this expense for qualified individual members is reflected as a reduction of premium revenue. When annual claim costs incurred by the Company's qualified individual members exceed a specified attachment point, the Company is entitled to certain reimbursements from this program. The Company records amounts recoverable for claims paid and unpaid and ceded claim benefit recoveries to reflect its estimate of these recoveries.

Risk Adjustment

Health Care Reform established a permanent risk adjustment program to transfer funds from qualified individual and small group insurance plans with below average risk scores to plans with above average risk scores. Based on the risk of the Company's qualified plan members relative to the average risk of members of other qualified plans in comparable markets, the Company estimates its ultimate risk adjustment receivable or payable for the current calendar year and reflects the impact as an adjustment to its premium revenue.

Risk Corridor

Health Care Reform established a temporary risk sharing program, which expires at the end of 2016, for qualified individual and small group insurance plans. Under this program the Company makes (or receives) a payment to (or from) HHS based on the ratio of allowable costs to target costs (as defined by Health Care Reform). The Company records a risk corridor receivable or payable as an adjustment to premium revenue based on the Company's estimate of the ultimate risk sharing amount for the current calendar year. In October 2015, HHS announced that 2014 Health Care Reform risk corridor receivables would be funded at 12.6% to the extent HHS fully collects risk corridor payables. In November 2015, INT 15-01 was issued as guidance to address the accounting for risk corridor receivables. In conjunction with this guidance, the Company recorded a risk corridor receivable that coincides with the portion of the 2014 Health Care Reform risk corridor receivables that are considered collectible. The Company currently has not recorded any risk corridor receivables for the 2015 program year.

The Company expects to perform an annual final reconciliation and settlement with HHS of the 3Rs in each subsequent year. See Note 24.E. for disclosure of amounts related to the 3Rs for the Company for the periods ending December 31, 2015 and 2014.

(20) Federal and state income and premium taxes

The Company is included in the consolidated federal income tax return of its parent company, Aetna and Aetna's other wholly-owned subsidiaries pursuant to the terms of a tax sharing agreement. In accordance with a written tax sharing agreement with an affiliate, the Company's current federal and state income tax provisions are generally computed as if the Company were filing a separate federal and state income tax return; current income tax benefits, including those resulting from net operating losses, are recognized to the extent realized in the consolidated return. Pursuant to this agreement, the Company has the enforceable right to recoup federal and state income taxes paid in prior years in the event of future net losses, which it may incur, or to recoup its net losses carried forward as an offset to future net income subject to federal and state income taxes.

Income taxes are accounted for under the asset and liability method. Deferred income tax assets ("DTAs") and liabilities ("DTLs") represent the expected future tax consequences of temporary differences generated by statutory accounting as defined in SSAP No. 101 - *Income Taxes* ("SSAP No. 101"). DTAs and DTLs are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. DTAs and DTLs are computed by means of identifying temporary differences which are measured using a balance sheet approach whereby statutory and tax basis balance sheets are compared. Current income tax recoverables include all current income taxes, including interest, reasonably expected to be recovered in a subsequent accounting period.

Pursuant to SSAP No. 101, gross DTAs are first reduced by a statutory valuation allowance adjustment to an amount that is more likely than not to be realized ("adjusted gross DTAs"). Adjusted gross DTAs are then admitted in an amount equal to the sum of paragraphs a. b. and c. below:

- a. Federal income taxes paid in prior years that can be recovered through loss carrybacks for existing temporary differences that reverse during a timeframe corresponding with Internal Revenue Service ("IRS") tax loss carryback provisions.
- b. The amount of adjusted gross DTAs, after the application of paragraph a. above, expected to be realized within the applicable period and that is no greater than the applicable percentage as determined using the applicable Realization Threshold Limitation Table. The applicable period refers to the number of years in which the DTA will reverse in the Company's tax return and the applicable percentage refers to the percentage of the Company's statutory capital and surplus as required to be shown on the statutory balance sheet adjusted to exclude any net DTAs, electronic data processing equipment and operating system software and any net positive goodwill ("Stat Cap ExDTA").

The Realization Threshold Limitation Tables allow DTAs to be admitted based upon either realization within 3 years and 15% of Stat Cap ExDTA, 1 year and 10% of Stat Cap ExDTA, or no DTA admitted pursuant to this paragraph b. In general, the Realization Threshold Limitation Tables allow the Company to admit more DTAs if total DTAs as reported by the Company are a smaller percentage of statutory capital and surplus.

- c. The amount of gross DTAs, after the application of paragraphs a. and b. above that can be offset against existing gross DTLs. In applying this offset, the Company considers the character (i.e. ordinary versus capital) of the DTAs and DTLs such that offsetting would be permitted in the tax return under existing enacted federal income tax laws and regulations and the reversal patterns of temporary differences.

Changes in DTAs and DTLs are recognized as a separate component of gains and losses in surplus ("Change in net deferred income tax") except to the extent allocated to changes in unrealized gains and losses. Changes in DTAs and DTLs allocated to unrealized gains and losses are netted against the related changes in unrealized gains and losses and are reported as "Change in net unrealized capital gains (losses)", also a separate component of gains and losses in surplus.

The Company is subject to state income taxes in various states. State income tax expense is recorded in general administrative expenses in the Statutory Statements of Revenue and Expenses. For the years ended December 31, 2015 and 2014, the Company incurred state income tax expenses of \$420,907 and \$574,046, respectively. The Company had no state income tax payable at December 31, 2015 and 2014. The Company's state income tax receivable of \$26,783 and \$616,824 at December 31, 2015 and 2014 was included as an aggregate write-in in the Statutory Statement of Assets.

The Company is subject to premium taxes in various states. These tax expenses are recorded in general administrative expenses in the Statutory Statements of Revenue and Expenses. The expenses for these taxes were \$3,686,770 and \$2,354,937 for the years ended December 31, 2015 and 2014, respectively. The Company's premium tax payable of \$3,347,412 and \$1,582,438 at December 31, 2015 and 2014, respectively, are included in general expenses due and accrued in the Statutory Statements of Liabilities, Capital and Surplus. The Company had no prepaid premium taxes at December 31, 2015 and 2014, respectively, which were included as a write-in in the Statutory Statements of Assets.

(21) Reinsurance

In the normal course of business, the Company seeks to reduce the loss that may arise from catastrophes or other events that cause unfavorable underwriting results and to help balance its risks and capital by reinsuring certain levels of risk with other insurance enterprises. The reinsurance coverage does not relieve the Company of its primary obligations. Reinsurance premiums and reserves related to reinsured business are accounted for on a basis consistent with those used in accounting for the original policies issued and the terms of the reinsurance contracts. Premiums ceded for medical losses and the related unpaid reserves have been reported as reductions of these items. The reinsurance agreements are more fully discussed in Notes 10 and 23.

D. Going concern

Effective December 31, 2016, the Company will adopt amended accounting guidance related to management's evaluation of whether there is a substantial doubt about the entity's ability to continue as a going concern and the related disclosures and will make disclosures at that time and thereafter pursuant to the guidance.

2. Accounting changes and corrections of errors

In 2015, SSAP No. 54 and SSAP No. 107 were amended to change the lines of the annual statement that premium adjustments for contracts subject to redetermination are reported on. This resulted in the Company reporting amounts on the Statutory Statements of Assets page, Line 15.3, Accrued retrospective premiums and contracts subject to redetermination at December 31, 2015 that are reported as part of Statutory Statements of Assets page, Line 25, Aggregate write-ins for other than invested assets at December 31, 2014. It also resulted in the Company reporting amounts on Statutory Statements of Liabilities, Capital and Surplus page, Line 2, Aggregate reserves for accident and health contracts at December 31, 2015 that are reported as part of Statutory Statements of Liabilities, Capital and Surplus page, Line 25, Aggregate write-ins for liabilities at December 31, 2014. There were no changes to either the Company's total assets or total liabilities as a result of these changes.

Effective December 31, 2015, SSAP No. 69 – *Statement of Cash Flow* was revised to clarify that only transactions involving cash shall be included in the cash flow statement. As a result, the Company has excluded certain non-cash transactions from its operating and investing activities at December 31, 2015 that were included at December 31, 2014. There were no changes to the Company's ending cash, cash equivalents and short-term investments as a result of this change.

In 2015, the Company determined that its prior period current federal income tax payable (Statutory Statements of Liabilities, Capital and Surplus page, Line 10.1, Column 3) and unassigned funds (Statutory Statement of Liabilities, Capital and Surplus page, Line 29, Column 3) were understated by \$175,352. Accordingly, the Company recorded an adjustment of \$175,352 on Line 4701 of the 2015 Statutory Statements of Changes in Capital and Surplus to correct the error.

The Company did not have any accounting changes in the year ended December 31, 2014.

3. Business combinations and goodwill

- A. Statutory Purchased Method
NONE
- B. Statutory Merger Method
NONE
- C. Assumption Reinsurance
NONE
- D. Impairment Losses
NONE

4. Discontinued operations

The Company did not have any discontinued operations in the years ending December 31, 2015 and 2014.

5. Investments

- A. The Company did not have any mortgage loans, including Mezzanine Real Estate Loans, at December 31, 2015 or 2014.
- B. The Company did not have any debt restructuring in the years ending December 31, 2015 and 2014.
- C. The Company did not have any reverse mortgages at December 31, 2015 or 2014.
- D. Loan-Backed Securities

- (1) Prepayment assumptions for single class and multi-class mortgage backed/asset backed securities were obtained from industry market sources.
- (2) The Company had no OTTI losses during 2015 on loan-backed and structured securities in which the Company had the (1) intent to sell, (2) did not have the intent and ability to retain for a period of time sufficient to recover the amortized cost basis or (3) present value of cash flows expected to be collected is less than the amortized cost basis of the securities in accordance with SSAP No. 43R, *Loan-Backed and Structured Securities* ("SSAP No. 43R").
- (3) The Company had no recognized OTTI on loan-backed and structured securities currently held, in which the present value of cash flows expected to be collected is less than the amortized cost basis, at the reporting date December 31, 2015.
- (4) The Company's unrealized loss position on loan-backed and structured securities held by the Company at December 31, 2015 is as follows (in thousands):
 - a. The aggregate amount of unrealized losses:

	1. Less than 12 Months	\$		(70,142)
	2. 12 Months or Longer	\$		(8,936)
 - b. The aggregate related fair value of securities with unrealized losses:

	1. Less than 12 Months	\$		8,198,692
	2. 12 Months or Longer	\$		796,826
- (5) The Company has reviewed the loan-backed and structured securities in accordance with SSAP No. 43R in the table above and has concluded that these are performing assets generating investment income to support the needs of the business. Furthermore, the Company has no intention to sell the securities at December 31, 2015 before their cost can be recovered and does have the intent and ability to retain the securities for the time sufficient to recover the amortized cost basis; therefore, no OTTI write-down to fair value was determined to have occurred on these securities.

2. As explained in Note 1, the Company participates in a tax sharing agreement with its parent and affiliates.

G. The Company does not have any federal or foreign income tax loss contingencies.

10. Information concerning Parent, subsidiaries, affiliates, and other related parties

A., B. and C.

The Company paid \$30,000,000 and \$15,000,000 as an extraordinary dividend on September 3, 2015 and December 9, 2015, respectively, to its parent. The Company paid \$30,000,000 as an extraordinary dividend on September 2, 2015 to its parent. The Company did not receive any capital contributions in 2015 or 2014.

D. Amounts due to and due from affiliates shown in the accompanying Statutory Statements of Assets, Liabilities, Capital and Surplus include the Company's net receipts and disbursements processed by affiliates and transactions related to its administrative services agreement with Aetna Health Management, LLC ("AHM"), indirectly a wholly-owned subsidiary of Aetna.

At December 31, 2015 and 2014, the Company had the following amounts due to and due from affiliates, which exclude amounts related to pharmacy rebate transactions as discussed more fully in Note 28 and the Company's reinsurance agreement:

	December 31,	
	2015	2014
Amounts due to affiliates		
Aetna Health Management, LLC	\$25,833,046	\$7,062,159
Group Dental Services Inc	58,678	17,933
Coventry Health Care and Life		14,119,360
Coventry Health Care of Kansas-H Contra		398
	<u>\$25,891,724</u>	<u>\$21,199,850</u>
Amounts due from affiliates		
Coventry Health Care of Missouri	\$0	\$588,885
Coventry Health Care, Inc	0	4,478,577
Claims Administration Corp	0	672
Coventry Health and Life Company	61,193	0
	<u>\$61,193</u>	<u>\$5,068,134</u>

The terms of settlement require that these amounts be settled within 45 days after the end of the calendar quarter.

E. At December 31, 2015, the Company has a guarantor agreement with Aetna. The agreement provides that in the event of the Company's insolvency, Aetna will pay all expenses and claims incurred by the Company during insolvency pursuant to the obligation with employer groups and subscribers until the end of the subscription contract period for which premiums have been received.

F. As of and for the years ended December 31, 2015 and 2014, the Company had the following significant transactions with affiliates:

The Company and AHM are parties to an administrative services agreement, under which AHM provides certain administrative services, including accounting and processing of premiums and claims. Under this agreement, the Company remits a percentage of its earned commercial, Medicaid and Medicare premium revenue, as applicable, to AHM as a fee, subject to an annual true-up mechanism as defined in the agreement. Under the agreement, this true-up is due to be settled with the affiliate by April 15th of the following contract year (which is January 1 to December 31 annually). The terms of settlement require that these amounts be settled within 45 days after the end of the calendar quarter. Effective January 1, 2014, this agreement was amended to include terms and conditions to comply with Medicare laws, regulations and Centers for Medicare & Medicaid Services ("CMS") instructions. For these services, the Company was charged the following:

(in thousands)	2015	2014
Administrative service fee	\$82,133,331	\$77,060,325

Current year estimated accrued true-up	-	-
Total administrative service fee	<u>\$82,133,331</u>	<u>\$77,060,325</u>

These agreements also provide for interest on all intercompany balances. Interest incurred on amounts due to affiliates was \$7,936 in 2015 and \$20,821 in 2014.

The amounts reported on the Underwriting and Investment Exhibit, Part 3 represent the expenses incurred under the terms of the administrative agreement, allocated to the Company in accordance SSAP No. 70, *Allocation of Expenses* ("SSAP No. 70"). SSAP No. 70 states "shared expenses, including expenses under the terms of a management contract, shall be apportioned to the entities incurring the expense as if the expense had been paid solely by the incurring entity. The apportionment shall be completed based upon specific identification to the entity incurring the expense. Where specific identification is not feasible, apportionment shall be based upon pertinent factors or ratios." The Company allocates these expenses based upon a percentage calculated using actual general and administrative expenses incurred by AHM.

The Company is a party to an agreement with Coventry Prescription Management Services, Inc. ("CPMS"). For the Company's commercial business, CPMS pays pharmacy claims on the Company's behalf. The Company pays a monthly fee to CPMS for services provided during that month which is calculated using a per member per month ("PMPM") administrative rate. The PMPM rate changes yearly and the agreements are approved each year by the Department of Insurance. All payments by the Company to CPMS are reduced by a PMPM rebate credit. The Company paid CPMS \$33,660,127 and \$37,375,862 in capitation fees for the years ended December 31, 2015 and 2014, respectively. CPMS paid the Company \$3,306,867 and \$3,465,200 in Rx rebates for the years ended December 31, 2015 and 2014, respectively.

Prior to 1/1/2015, for the Company's Medicare and ASO business, the Company pays a monthly administrative fee to CPMS for services provided during that month which is calculated using a per member per month ("PMPM") administrative rate. The PMPM rate changes yearly and the agreements are approved each year by the Department of Insurance. All payments by the Company to CPMS are reduced by a PMPM rebate credit. The Company paid CPMS \$0 and \$2,399,857 in fees for the years ended December 31, 2015 and 2014, respectively. CPMS paid the Company \$0 and \$11,443,514 in Rx rebates for the years ended December 31, 2015 and 2014, respectively.

Starting 1/1/2015, the Company's Medicare and ASO business is a party to an agreement which enables the Company to receive manufacturers' pharmacy rebates from AHM under which the Company remits a percentage of its earned pharmaceutical rebates to AHM as a fee. The Company earned pharmaceutical rebates of \$5,030,788 and \$5,357,478, which were recorded as a reduction of administrative costs and medical costs, respectively, in 2015. The Company was charged \$1,126,641, which were recorded as administrative expenses, for these services in 2015. At December 31, 2015, the Company reported \$1,429,736, as amounts due from AHM related to the pharmaceutical rebates which were reflected in payables due to parent, subsidiaries and affiliates. The terms of settlement require that these amounts be settled within 45 days after the end of the calendar quarter.

MHNet Specialty Services, L.L.C. (MHNet), a related party, provides mental health services to the Company's members. The Company pays MHNet a monthly fee based on a per member per month capitation rate. The Company paid MHNet \$5,787,720 and \$6,678,958 in capitation fees for the years ended December 31, 2015 and 2014, respectively.

The Company has coverage for certain litigation exposures (\$10,000,000 per claim and in the aggregate including defense costs) through an affiliated captive insurance company.

As explained in Note 1, the Company participates in a tax sharing agreement with Aetna and Aetna's other subsidiaries. All federal income tax receivables/payables are due from/due to Aetna.

- G. All outstanding shares of the Company are owned by Aetna Health Holdings, LLC, whose ultimate parent is Aetna.
- H. At December 31, 2015, the Company did not hold any investments in any affiliate and did not own shares of any upstream intermediate of Aetna.
- I. At December 31, 2015, the Company did not hold any investments in any subsidiary, controlled or affiliated ("SCA") entity.
- J. At December 31, 2015, the Company did not hold any investments in any impaired SCA entity.
- K. At December 31, 2015, the Company did not hold any investments in any foreign insurance subsidiaries.
- L. 1. and 2.

At December 31, 2015, the Company did not hold any investments in any downstream noninsurance holding company.

11. Debt

- A. The Company did not have any items related to debt, including capital notes at December 31, 2015.
- B. The Company did not have any Federal Home Loan Bank agreements at December 31, 2015.

12. Retirement plans, deferred compensation, postemployment benefits and compensated absences and other postretirement benefit plans

The Company did not have a retirement plan, deferred compensation plan, or other postretirement benefit plan at December 31, 2015.

13. Capital and surplus, shareholders' dividend restrictions and quasi-reorganizations

- (1) The Company has 1,000 shares of common stock with a par value of \$5 per share authorized, issued and outstanding at December 31, 2015 and 2014.

- (2) The Company had no preferred stock shares issued and outstanding at December 31, 2015 and 2014.

(3) Dividend restrictions

Dividends on the Company's common capital stock are paid as declared by its Board of Directors, from earned surplus of the Company, not including surplus arising from the sale of stock. Generally, dividends may be paid on the Company's common capital stock without obtaining regulatory approval at an amount up to the greater of: a) the prior year net gain from operations, or b) ten percent of the prior year end capital and surplus. In addition, the minimum Risk Based Capital requirements of the NAIC and, if applicable, the Kansas Department of Insurance must be maintained.

- (4) The Company paid \$30,000,000 and \$15,000,000 as an extraordinary dividend on September 3, 2015 and December 9, 2015, respectively, to its parent. The Company paid \$30,000,000 as an extraordinary dividend on September 2, 2015 to its parent

- (5) Within the limitations of 3) above, there are no other restrictions placed on the portion of Company profits that may be paid as ordinary dividends to the stockholder.

- (6) There were no restrictions placed on the Company's surplus, including for whom the surplus was being held at December 31, 2015 or 2014, except as noted in Note 21.

- (7) Not applicable to the Company.

- (8) The Company did not hold any stock for any special purposes at December 31, 2015 or 2014.

- (9) Changes in the balances of special surplus funds from the prior year are due to the accrual of estimated 2015 ACA health insurer fees reclassified from unassigned funds (surplus) to aggregate write-ins for special surplus funds as discussed more fully in Note 1.C and Note 22.

- (10) At December 31, 2015, there was \$(767,039) of unassigned funds (surplus) that was represented or reduced by unrealized gains and (losses).

- (11) The Company did not have any special surplus funds or surplus notes at December 31, 2015 or 2014.

- (12) The Company did not participate in any quasi-reorganizations during the statement year.

- (13) The Company did not participate in any quasi-reorganizations in the past 10 years.

14. Liabilities, contingencies and assessments

- A. The Company did not have any contingent commitments at December 31, 2015 or 2014.

B. Assessments

Guaranty fund assessments

Under guaranty fund laws existing in all states, insurers doing business in those states can be assessed (up to prescribed limits) for certain obligations of insolvent insurance companies to policyholders and claimants. The health insurance guaranty associations in which Aetna and certain of its affiliates, including the Company (collectively, "we", "our" or "us") participate that operate under these laws respond to insolvencies of long-term care insurers as well as health insurers. Our assessments generally are based on a formula relating to our premiums in the state compared to the premiums of other insurers. Certain states allow recoverability of assessments as offsets to premium taxes. Some states have similar laws relating to HMOs. While we have historically recovered more than half of guaranty fund assessments through statutorily permitted premium tax offsets, significant increases in assessments could lead to legislative and/or regulatory actions that may limit future offsets.

- C. The Company did not have any gain contingencies at December 31, 2015 or 2014.

- D. The Company did not have any claims related extra contractual obligation and bad faith losses stemming from lawsuits at December 31, 2015 or 2014.
- E. The Company did not have any joint and several liability arrangements at December 31, 2015 or 2014.
- F. Various liabilities arise in the normal course of the Company's business and have been recorded. In the opinion of management, any ultimate contingent losses will not have a material adverse effect on the Company's future results of operations and financial position. The Company, to the best of its knowledge, has no assets that it considers impaired that are not already recorded in the Company's books.

15. Leases

The Company leases its office facilities and certain office equipment under non-cancelable operating leases expiring in various years through 2019. Rent expense for the years ended December 31, 2015 and 2014 was \$323,879 and \$161,657, respectively.

A. Lessee Operating Lease

(2)

- a. At January 1, 2016, the minimum aggregate rental commitments are as follows:

	Year Ending December 31	Operating Leases
1.	2016	\$ 1,908,517
2.	2017	\$ 1,519,022
3.	2018	\$ 1,536,432
4.	2019	\$ 1,558,195
5.	2020	\$ 1,588,662
6.	Total	\$ 13,020,449

16. Information about financial instruments with off-balance sheet risk and financial instruments with concentrations of credit risk

The Company did not have any financial instruments with off-balance sheet risk or financial instruments with concentrations of credit risk at December 31, 2015 or 2014.

17. Sale, transfer and servicing of financial assets and extinguishments of liabilities

A. Transfers of receivables reported as sales

- (1) The Company did not have any transfers of receivables as sales for the years ending December 31, 2015 and 2014.

B. Transfer and servicing of financial assets

- (1) The Company's policy for requiring collateral or other security for security lending transactions as required in SAP No. 103 is discussed in Note 1. At December 31, 2015 and 2014, the fair value of the collateral was \$0 and \$2,486,790, respectively.

(2) and (3)

The Company did not have any servicing assets or liabilities at December 31, 2015 or 2014.

- (4) The Company did not have any securitized financial assets at December 31, 2015 or 2014.
- (5) The Company did not have any transfers of financial assets at December 31, 2015 or 2014.
- (6) The Company did not have any transfers of receivables with recourse at December 31, 2015 or 2014.
- (7) The Company did not have any repurchase or reverse repurchase agreements at December 31, 2015 or 2014.

C. Wash sales

- (1) In the course of the Company's asset management, securities are sold and reacquired within 30 days of the sale date to enhance the Company's yield on its investment portfolio.
- (2) The details by NAIC designation 3 or below, or unrated of securities sold during the for the year ended December 31, 2015 and reacquired within 30 days of the sale date are:

The Company did not have any wash sales at December 31, 2015 or 2014.

18. Gain or loss to the HMO from uninsured plans and the uninsured portion of partially insured plans

A.

A. ASO Plans

The gain from operations from Administrative Services Only (ASO) uninsured plans and the uninsured portion of partially insured plans was as follows during 2015:

	ASO Uninsured Plans	Uninsured Portion of Partially Insured Plans	Total ASO
a. Net reimbursement for administrative expenses (including administrative fees)	\$ 5,908,432	\$	\$ 5,908,432

	in excess of actual expenses			
b.	Total net other income or expenses (including interest paid to or received from plans)	\$	\$	\$
c.	Net gain or (loss) from operations	\$ 5,908,432	\$ 0	\$ 5,908,432
d.	Total claim payment volume	\$	\$	\$

B. The Company did not serve as an Administrative Services Contract plan administrator for uninsured accident and health plans or the uninsured portion of partially insured plans for the period ended December 31, 2015.

C. As of December 31, 2015 and 2014, the Company had reinsurance, low-income subsidy (cost sharing portion), and CMS coverage gap discount receivables of \$8,693,475 and \$6,561,622, respectively, from CMS, which are accounted for as amounts receivable relating to uninsured plans on the Statutory Statements of Assets, as per SSAP No. 47 - *Uninsured Plans*. The Company had no liability for amounts held under uninsured plans at December 31, 2015 or 2014. These items relate to the Company's Medicare product offerings.

19. Direct premium written/produced by managing general agents/third party administrators

The Company did not have any material direct premiums written through/produced by managing general agents or third party administrators for the years ended December 31, 2015 and 2014.

20. Fair value measurements

A. and B.

The Company had no material assets or liabilities measured and reported at fair value at December 31, 2015 or 2014.

C. Certain of the Company's financial instruments are measured at fair value in our balance sheets. The fair values of these instruments are based on valuations that include inputs that can be classified within one of three levels of a hierarchy established by U.S. generally accepted accounting principles. The following are the levels of the hierarchy and a brief description of the type of valuation information ("inputs") that qualifies a financial asset or liability for each level:

- **Level 1** – Unadjusted quoted prices for identical assets or liabilities in active markets.
- **Level 2** – Inputs other than Level 1 that are based on observable market data. These include: quoted prices for similar assets in active markets, quoted prices for identical assets in inactive markets, inputs that are observable that are not prices (such as interest rates and credit risks) and inputs that are derived from or corroborated by observable markets.
- **Level 3** – Developed from unobservable data, reflecting our own assumptions.

Financial assets and liabilities are classified based upon the lowest level of input that is significant to the valuation. When quoted prices in active markets for identical assets and liabilities are available, we use these quoted market prices to determine the fair value of financial assets and liabilities and classify these assets and liabilities as Level 1. In other cases where a quoted market price for identical assets and liabilities in an active market is either not available or not observable, we estimate fair value using valuation methodologies based on available and observable market information or by using a matrix pricing model. These financial assets and liabilities would then be classified as Level 2. If quoted market prices are not available, we determine fair value using broker quotes or an internal analysis of each investment's financial performance and cash flow projections. Thus, financial assets and liabilities may be classified in Level 3 even though there may be some significant inputs that may be observable.

The carrying values and estimated fair values of the Company's financial instruments at December 31, 2015 and 2014 were as follows:

Type of Financial Instrument	Aggregate Fair Value	Admitted Assets	(Level 1)	(Level 2)	(Level 3)	Not Practicable (Carrying Value)
Bonds, Short Term, and Cash Equivalent	\$ 156,499,772	\$ 154,417,919	\$ 12,028,105	\$ 144,471,667	\$	\$

The valuation methods and assumptions used by the Company in estimating the fair value of debt securities are discussed in Note 1.

There were no material realized and unrealized capital gains, purchases, sales, settlements, or transfers into or out of the Company's Level 3 financial assets during 2015 or 2014.

In evaluating the Company's management of interest rate and liquidity risk and currency exposures, the fair values of all assets and liabilities should be taken into consideration, not only those presented above.

D. The Company did not have any financial instruments where it was not practicable to estimate the fair value.

21. Other items

A. Extraordinary items

The Company did not have any extraordinary items for the years ended December 31, 2015 and 2014.

B. Troubled debt restructuring: debtors

The Company did not have any troubled debt restructuring in the years ended December 31, 2015 and 2014.

C. Other disclosures and unusual items

(1) Minimum capital and surplus

Pursuant to the laws of the states in which the Company is licensed to do business, the Company is required to maintain a minimum surplus and capital stock as defined by the statutes and regulations of those states. At both December 31, 2015 and 2014, the Company was in compliance with the minimum surplus and capital stock requirements of the states in which it is licensed to do business.

The NAIC and the State of Kansas adopted risk-based capital ("RBC") standards for health organizations, including HMOs, that are designed to identify weakly capitalized companies by comparing each company's adjusted capital and surplus to its required capital and surplus (the "RBC Ratio"). The RBC Ratio is designed to reflect the risk profile of the company. Within certain ratio ranges, regulators have increasing authority to take action as the RBC Ratio decreases. There are four levels of regulatory action, ranging from requiring insurers to submit a comprehensive plan to the state insurance commissioner to requiring the state insurance commissioner to place the insurer under regulatory control. At December 31, 2015 and 2014, the Company had capital and surplus that exceeded the highest threshold specified by the RBC rules.

(2) Health Care Reform

The Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010 (collectively, "Health Care Reform" or "ACA"), enacted in March 2010, has changed and will continue to make broad-based changes to the U.S. health care system. The Company expects Health Care Reform and changes to Health Care Reform to continue to significantly impact the Company's business operations and financial results, including the Company's pricing, medical benefit ratios and the geographies in which the Company's products are available. Health Care Reform presents the Company with business opportunities, but also with financial and regulatory challenges. Most of the key components of Health Care Reform were phased in during or prior to 2014, including health insurance exchanges ("Public Exchanges"), required MLRs in commercial and Medicare products, the individual coverage mandate, guaranteed issue, rating limits in individual and small group products, significant new industry-wide fees, assessments and taxes, enhanced premium rate review and disclosure processes, reduced Medicare Advantage payment rates to insurers, and linking Medicare Advantage payments to a plan's CMS quality performance ratings or "star ratings." The effects of these changes are reflected in the Company's financial results. Certain components of Health Care Reform will continue to be phased in until 2020.

The Company is dedicating and will continue to be required to dedicate significant resources and incur significant expenses during 2016 to implement and comply with Health Care Reform and changes in Health Care Reform as well as state level health care reform. While most of the significant aspects of Health Care Reform became effective during or prior to 2014, significant parts of Health Care Reform, including aspects of Public Exchanges, nondiscrimination requirements, reinsurance, risk corridor and risk adjustment, continue to evolve through the promulgation of regulations and guidance at the federal level.. It is likely that further changes will be made to Health Care Reform at the federal and/or state level as issues arise and its practical effects become clearer. Growing state and federal budgetary pressures make it more likely that any changes will be adverse to us. As a result, many of the specific aspects and impacts of Health Care Reform will not be known for several years, and given the inherent difficulty of foreseeing how individuals and businesses will respond to the choices afforded them by Health Care Reform, the Company cannot predict the full effect Health Care Reform will have on the Company or the impact of future changes to Health Care Reform. It is reasonably possible that Health Care Reform or changes to Health Care Reform, in the aggregate, could have a significant adverse effect on the Company's business operations and financial results.

Ongoing legislative and regulatory changes to Health Care Reform other pending efforts in the U.S. Congress to amend or restrict funding for various aspects of Health Care Reform (including risk corridors), the 2016 presidential election, pending litigation challenging aspects of the law and federal budget negotiations continue to create uncertainty about the ultimate impact of Health Care Reform. Examples of these legislative and regulatory changes include: the December 2015 suspension of the health insurer fee for 2017 and two year delay of the "Cadillac" tax on high-cost employer-sponsored health coverage; the October 2015 Protecting Affordable Coverage for Employees Act, which leaves groups with 51 to 100 employees within the large group category for each state unless the state exercises its option to include these groups within the small group category; and the October 2015 HHS announcement that Health Care Reform risk corridor receivables for the 2014 program year would only be funded at 12.6%. The pending litigation includes the House of Representatives' challenge to HHS's ability to make payments under ACA's Cost Sharing Subsidiary program without an explicit appropriation.

As described above, the availability of funding for the ACA's temporary risk corridor program is an example of this uncertainty. In May 2014, CMS published a final rule on Public Exchanges. The final rule provides that payments to health plans under the ACA's risk corridor program will no longer be limited to the aggregate amount of the risk corridor collections received by HHS over the duration of the risk corridor program. However, it is possible that payments to health plans under the risk corridor program

will require additional appropriation legislation to be passed by the U.S. Congress. In each of December 2014 and December 2015, legislation was enacted that prohibits HHS's use of certain funds to pay HHS's potential obligation under the ACA's risk corridor program. In October 2015, HHS announced that 2014 Health Care Reform risk corridor receivables would be funded at 12.6% to the extent HHS fully collects risk corridor payables. As a result, the Company continues to believe that receipt of any risk corridor payment from HHS for the 2015 program year and receipt of such payments in excess of the 12.6% prorated amount for the 2014 program year are uncertain. At December 31, 2015, the Company had no receivable for the remaining 2014 program year prorated amount that had not been collected from HHS and had no receivable for the 2015 program year. In addition, these limited risk corridor payments may create instability in the marketplace for individual commercial products in 2016 and going forward by, among other things, causing health plans to change or stop offering their Public Exchange products. 2016 is the last program year for the ACA's risk corridor program.

The federal and state governments also continue to enact and seriously consider many other broad-based legislative and regulatory proposals that have had a material impact on or could materially impact various aspects of the health care and related benefits system. The Company cannot predict whether pending or future federal or state legislation or court proceedings, including future U.S. Congressional appropriations, will change various aspects of the health care and related benefits system or Health Care Reform or the impact those changes will have on the Company's business operations or financial results, but the effects could be materially adverse.

In addition, Health Care Reform ties a portion of Medicare Advantage plans' reimbursement to the achievement of favorable CMS quality performance measures ("star ratings"). Since 2015, only Medicare Advantage plans with an overall star rating of four or more stars (out of five stars) are eligible for a quality bonus in their basic premium rates. As a result, the Company's Medicare Advantage plans' operating results in 2016 and going forward will be significantly affected by their star ratings.

(3) Medicare

The Company's Medicare Advantage and Standalone Prescription Drug Plan ("PDP") products are regulated by CMS. The regulations and contractual requirements applicable to the Company and other participants in Medicare programs are complex, expensive to comply with and subject to change. For example, in the second quarter of 2014, CMS issued a final rule implementing the Health Care Reform requirements that Medicare Advantage and PDP plans report and refund to CMS overpayments that those plans receive from CMS. The precise interpretation, impact and legality of this rule are not clear and are subject to pending litigation. In that same rule, CMS also changed in some respects how the Company can pay pharmacies in 2016 that impacts the Company's Medicare Advantage and PDP products. The Company has invested significant resources to comply with Medicare standards, and the Company's Medicare compliance efforts will continue to require significant resources. CMS may seek premium and other refunds, prohibit the Company from continuing to market and/or enroll members in or refuse to passively enroll members in one or more of the Company's Medicare or Medicare-Medicaid demonstration (historically known as "dual eligible") plans, exclude the Company from participating in one or more Medicare or dual eligible programs and/or institute other sanctions against the Company if the Company fails to comply with CMS regulations or the Company's Medicare contractual requirements.

(4) Federal Employees Health Benefits Program

The Company contracts with the OPM to provide managed health care services under the FEHB program in its service areas. These contracts with the OPM and applicable government regulations establish premium rating arrangements for this program. OPM regulations require that community-rated FEHB plans meet a FEHB program-specific MLR by plan code and market. Managing to these rules is complicated by the simultaneous application of the minimum MLR standards and associated premium rebate requirements of Health Care Reform. The OPM conducts periodic audits of its contractors to, among other things, verify that plans meet their applicable FEHB program-specific MLR and the premiums established under its insured contracts and costs allocated pursuant to its cost-based contracts are in compliance with the requirements of the applicable FEHB program. The OPM may seek premium refunds or institute other sanctions against the Company if the Company fails to comply with the FEHB program requirements.

- D. The Company did not have any business interruption insurance recoveries for the years ending December 31, 2015 or 2014.
- E. The Company did not have any transferable and non-transferable state tax credits for the years ending December 31, 2015 or 2014.
- F. The Company did not have any subprime mortgage related risk exposures at December 31, 2015 or 2014.
- G. The Company did not have any retained assets at December 31, 2015 or 2014.
- H. The Company did not have any joint and several liability arrangements at December 31, 2015 or 2014.

22. Events subsequent

Type I - Recognized subsequent events

Subsequent events have been considered through February 25, 2016 for the statutory statement issued on March 1, 2016.

The Company had no known reportable recognized subsequent events.

Type II – Non-recognized subsequent events

Subsequent events have been considered through February 25, 2015 for the statutory statement issued on March 1, 2016.

On January 1, 2016, the Company will be subject to an annual fee under section 9010 of the Federal ACA. This annual fee will be allocated to individual health insurers based on the ratio of the amount of the entity's net premiums written during the preceding calendar year to the amount of health insurance for any U.S. health risk that is written during the preceding calendar year. A health insurance entity's portion of the annual fee becomes payable once the entity provides health insurance for any U.S. health risk for each calendar year beginning on or after January 1 of the year the fee is due. As of December 31, 2015, the Company has written health insurance subject to the ACA assessment, expects to conduct health insurance business in 2016, and estimates their portion of the annual health insurance industry fee to be payable on September 30, 2016 to be \$6,990,000. This amount is reflected in special surplus. This assessment is expected to impact RBC by 8%. Reporting the ACA assessment as of December 31, 2015, would not have triggered an RBC action level.

	Current Year	Prior Year
A. Did the reporting entity write accident and health insurance premium that is subject to Section 9010 of the Federal Affordable Care Act (YES/NO)?Yes.....	
B. ACA fee assessment payable for the upcoming year	\$6,990,000	\$8,600,000

23. Reinsurance

A. Ceded Reinsurance Report

Section 1 – General Interrogatories

- (1) Are any of the reinsurers, listed in Schedule S as non-affiliated, owned in excess of 10% or controlled, either directly or indirectly, by the company or by any representative, officer, trustee, or director of the company?
Yes () No (X)
If yes, give full details.
- (2) Have any policies issued by the company been reinsured with a company chartered in a country other than the United States (excluding U.S. branches of such companies) that is owned in excess of 10% or controlled directly or indirectly by an insured, a beneficiary, a creditor or an insured or any other person not primarily engaged in the insurance business?
Yes () No (X)
If yes, give full details.

Section 2 – Ceded Reinsurance Report – Part A

- (1) Does the company have any reinsurance agreements in effect under which the reinsurer may unilaterally cancel any reinsurance for reasons other than nonpayment of premium or other similar credit?
Yes () No (X)
 - a. If yes, what is the estimated amount of the aggregate reduction in surplus of a unilateral cancellation by the reinsurer as of the date of this statement, for those agreements in which cancellation results in a net obligation of the reporting entity to the reinsurer, and for which such obligation is not presently accrued? Where necessary, the reporting entity may consider the current or anticipated experience of the business reinsured in making this estimate.
\$ N/A .
 - b. What is the total amount of reinsurance credits taken, whether as an asset or as a reduction of liability for these agreements in this statement?
\$ N/A .
- (2) Does the reporting entity have any reinsurance agreements in effect such that the amount of losses paid or accrued through the statement date may result in a payment to the reinsurer of amounts that, in aggregate and allowing for offset of mutual credits from other reinsurance agreements with the same reinsurer, exceed the total direct premium collected under the reinsured policies?
Yes () No (X)
If yes, give full details.

Section 3 – Ceded Reinsurance Report – Part B

(1) What is the estimated amount of the aggregate reduction in surplus, (for agreements other than those under which the insurer may unilaterally cancel for reasons other than for nonpayment of premium or other similar credits that are reflected in Section 2 above) of termination of ALL reinsurance agreements, by either party, as of the date of this statement? Where necessary, the company may consider the current or anticipated experience of the business reinsured in making this estimate.

None _____.

(2) Have any new agreements been executed or existing agreements amended, since January 1 of the year of this statement, to include policies or contracts that were in force or which had existing reserves established by the company as of the effective date of the agreement?

Yes () No (X)

If yes, what is the amount of reinsurance credit, whether an asset or a reduction of liability, taken for such new agreements or amendments? \$ _____ N/A _____.

B. The Company did not have uncollectible reinsurance at December 31, 2015.

C. The Company did not have any commutation of ceded reinsurance at December 31, 2015.

D. The Company's certified reinsurer's rating has not been downgraded or its status subject to revocation at December 31, 2015.

24. Retrospectively rated contracts and contracts subject to redetermination

A. Through annual contracts with CMS, the Company offers HMO plans for Medicare-eligible individuals through the Medicare Advantage program. Members typically receive enhanced benefits over standard Medicare fee-for-service coverage, including reduced cost-sharing for preventative care, vision and other non-Medicare services. Members also typically receive coverage for certain prescription drugs, usually subject to a deductible, co-insurance and/or co-payment. The revenues ultimately received by the Company for each member are based on that member's health status and demographic characteristics, as determined via the CMS risk adjustment process, under which the Company regularly submits risk adjustment data to CMS. As such, at December 31, 2015 the Company records a receivable for future revenues that it expects to receive from CMS in the 3rd quarter of 2015, after the final reconciliation of risk adjustment data for contract year 2015 is complete. The Company estimates this receivable by taking into account risk adjustment data for contract year 2015 submitted to CMS prior to December 31, 2015, as well as its estimate of the impact of risk adjustment data for contract year 2015 that will be submitted prior to the appropriate regulatory deadline in early 2015. These amounts are recognized in 2015 as premiums under contracts subject to redetermination. In addition, the Company's Medicare Advantage contracts are subject to retrospective rating provisions under which the Company and CMS share in amounts above and below agreed-upon target medical benefit ratios.

B. These accrued retrospective premiums, if any, are recorded through premiums and are estimated based on calculations that compare the Company's expected financial results for the contract against the appropriate medical benefit ratio target. The Company had net premiums written of \$183,475,168 and \$175,863,139 related to its agreements with CMS for the years ending December 31, 2014 and 2013, respectively, representing 47.4% for 2015 and 40.0% for 2014 of total premium revenue. The Company had net premiums receivable of \$6,309,154 related to its agreements with CMS as of December 31, 2015, representing 49.2% of total premiums receivable.

C. Contracts subject to redetermination

The Company accrues amounts payable to or receivable from the federal government related to its contracts with the OPM to provide or arrange health services under the FEHB Program for federal employees, annuitants and their dependents. These contracts with the OPM and applicable government regulations establish premium rating requirements for FEHB Program. At December 31, 2015 and 2014, the Company had premiums related to its contracts with the OPM of \$33,810,138 and \$35,357,519, respectively, representing 8.7% and 8.0% of the Company's total premiums at December 31, 2015 and 2014, respectively.

The OPM, through its Office of the Inspector General, conducts periodic audits of its contractors to, among other things, verify that the premiums charged to the OPM were established in compliance with the community rating and other requirements under the FEHB program. These audits often result in findings for which the Company establishes a specific reserve. For those years under contract which have not been audited by the OPM, the Company establishes a general audit liability which is the result of a historical study of average audit payments. In addition, for all years under contract, the Company annually performs rate reconciliations which may result in amounts owed to or receivable from the OPM.

Audit findings, historical study of audit payments, and rate reconciliations have resulted in reserves of \$2,192,537 and \$1,690,422, which were recorded as Federal Contingency Reserves in the Aggregate Health Policy Reserve line in the Statutory Statements of Liabilities, Capital and Surplus at December 31, 2015 and 2014, respectively.

The Company contracts with OPM to provide managed health care services under the FEHB program in their service areas. OPM regulations require that FEHB plans meet a FEHB program-specific MLR by plan code and market. The Company's results for full-years 2015 and 2014 included estimates of \$0 and \$1,500,000,

respectively, of minimum FEHB program MLR rebates, which were included in aggregate health policy reserves in the Statutory Statements of Liabilities, Capital and Surplus. The Company paid no FEHB program MLR rebates in 2015 for the year 2014. The Company paid \$0 for FEHB program MLR rebates in 2014 for the year 2013.

D. Medical loss ratio rebates required pursuant to the Public Health Service Act

The Company is required to make premium rebate payments to customers that are enrolled under certain health insurance policies if specific minimum annual medical loss ratios ("MLR") were not met in the prior year. The Company's results for full-year 2015 and 2014 included an estimate of \$11,517,071 and \$8,430,447, respectively, of minimum MLR rebates, which were included in aggregate health policy reserves in the Statutory Statements of Liabilities, Capital and Surplus. The Company paid \$0 of minimum MLR rebates in 2015 for the year 2014. The Company paid \$0 of minimum MLR rebates in 2014 for the year 2013.

- A. Due to updates to the data available to the Company to calculate the risk adjustment.
B. Due to additional claims run-out after the December 31, 2014 period.
C. Due to updated data available to the Company to calculate the risk corridor payables. Also includes the impact of the adjustments to the reinsurance recoveries and risk adjustments.
D. The Company did not record any receivables under Health Care Reform's risk corridor program at December 31, 2014 due to the uncertainty of funding available. In October 2015, HHS announced that 2014 Health Care Reform risk corridors would be funded at 12.6% to the extent HHS fully collects risk corridor payables. As a result, the Company recorded a risk corridor receivable that coincides with the portion of the 2014 Health Care Reform risk corridor receivables that were considered collectible.

25. Change in incurred claims and claims adjustment expense

The following table shows the components of the change in claims unpaid, unpaid claims adjustment expense and aggregate health claim reserves for the years ended December 31, 2015 and 2014.

In 2015, reserves for incurred claims and claim adjustment expenses attributable to insured events of prior years decreased by \$(477,390) from \$1,053,172 in 2014 to \$575,782 in 2015. In 2014, reserves for incurred claims and claim adjustment expenses attributable to insured events of prior years decreased by \$827,452 from \$1,880,624 in 2013 to \$1,053,172 in 2014. The lower than anticipated health care cost trend rates observed in 2015 and 2014 for claims incurred in 2014 and 2013, respectively, were due to moderating outpatient and physician trends and faster than expected claim payment speed. The Company considers historical trend rates together with knowledge of recent events that may impact current trends when developing estimates of current trend rates. Original estimates are

increased or decreased as additional information becomes known regarding individual claims. Historical health care cost trend rates are not necessarily representative of current trends. The Company experienced \$13,387,938 of favorable prior year claim development on retrospectively rated policies, which is included in the 2015 decrease. However, the business to which it relates is subject to premium adjustments. The Company excluded the impact of the change in health care receivables related to pharmacy rebates from the above roll-forward to conform to NAIC Annual Statement presentation.

Net coordination of benefits are implicit in the claims incurred but not reported calculation and could not be specifically identified.

26. Intercompany pooling arrangements

The Company did not have any intercompany pooling arrangements at December 31, 2015 or 2014.

27. Structured settlements

Not applicable to health entities.

28. Health care receivables

A. Pharmaceutical rebate receivables

NONE

B. Risk sharing receivables

The Company did not have any admitted risk sharing receivables at December 31, 2015 or 2014.

29. Participating policies

The Company did not have any participating policies at December 31, 2015 or 2014.

30. Premium deficiency reserves

December 31, 2015

1. Liability carried for premium deficiency reserves	\$0
2. Date of the most recent evaluation of this liability	12/31/2015
3. Was anticipated investment income utilized in the calculation?	Yes

31. Anticipated salvage and subrogation

10.6 Coventry Health Care of Kansas, Inc. was the subsidiary of Coventry Health Care, Inc. Coventry Health Care, Inc. was merged into Aetna Health Holdings, LLC January 1, 2014, as a result, the Company designated the Audit Committee of its immediate parent company Aetna Health Holdings, LLC to be the Company's Audit Committee

- 14.21 The Code of Conduct was amended effective September 2015. The key substantive changes include:
- Increased focus and clarity regarding expectations of Aetna's vendors, including vendors to our Medicare business
 - Increased clarity on the resources available to Aetna's vendors, including vendors to our Medicare business, to report possible compliance violations or business conduct or integrity concerns
 - Updated guidance on protecting Aetna's and our customers' information
 - Updated information on Aetna's Medicare Compliance Program

There were also numerous non-substantive clarifying and conforming changes and updates to the factual information contained in the Code of Conduct, such as the level of giving by the Aetna Foundation since 1980.

30.4 Fair value of long term bonds and preferred stocks are determined based on quoted market prices when available, fair values using valuation methodologies based on available and observable market information or by using matrix pricing. If quoted market prices are not available, we determine fair value using broker quoted or an internal analysis of each investment's financial performance and cash flow projections. Short Term investments are carried at amortized cost which approximated fair value. The carrying value of cash equivalents approximated fair value.
