NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies and Going Concern

On July 23, 2015, Cigna Corporation, Inc. (Cigna or Ultimate Parent) entered into a definitive agreement to merge with Anthem, Inc. (Anthem), subject to certain terms, conditions and customary operating covenants, with Anthem continuing as the surviving company. At special shareholders' meetings held in December 2015, Cigna shareholders approved the merger with Anthem and Anthem shareholders approved the issuance of shares of Anthem common stock according to the merger agreement. Consummation of the merger remains subject to certain customary conditions, including the receipt of certain necessary governmental and regulatory approvals and the absence of a legal restraint prohibiting the consummation of the merger. While the Company continues to work toward achieving regulatory approval as quickly as possible and to target a closing date in the second half of 2016, the closing will ultimately be subject to the approval and timing of the regulators. In light of the complexity of the regulatory process and the dynamic environment, it is possible that such approvals may not be obtained in 2016.

A. Accounting Practices

The financial statements of HealthSpring Life & Health Insurance Company, Inc. (the Company) are presented on the basis of accounting practices prescribed or permitted by the Texas Department of Insurance (the Department).

The Department recognizes only statutory accounting practices prescribed or permitted by the state of Texas for determining and reporting the financial condition and results of operations of a Health Maintenance Organization (HMO) for determining solvency under Texas Insurance Law. The National Association of Insurance Commissioners' (the NAIC) *Accounting Practices and Procedures Manual* (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the state of Texas. While the Department has adopted certain prescribed accounting practices that differ from those found in NAIC SAP, the Company's financials were not affected by those differences in 2016 or 2015.

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the Department is shown below:

Litigation and Other Legal Matters:

Cigna Corporation and its subsidiaries (including the Company; and collectively known as Cigna Corporation) are routinely involved in numerous claims, lawsuits, regulatory audits, investigations and other legal matters arising, for the most part, in the ordinary course of managing a health services business. These actions may include benefit disputes, breach of contract claims, tort claims, provider disputes, disputes regarding reinsurance arrangements, employment and employment discrimination-related suits, employee benefit claims, wage and hour claims, privacy, intellectual property claims and real estate related disputes. There are currently, and may be in the future, attempts to bring class action lawsuits against the industry. Cigna Corporation and its subsidiaries (including the Company) also are regularly engaged in IRS audits and may be subject to examinations by various state and foreign taxing authorities. Disputed income tax matters arising from these examinations, including those resulting in litigation, are accounted for under the NAIC's accounting guidance for tax loss contingencies.

NOTES TO FINANCIAL STATEMENTS

The business of administering and insuring health services programs, particularly health care and group insurance programs, is heavily regulated by federal and state laws and administrative agencies, such as state departments of insurance and the U.S. Departments of Health and Human Services, Treasury, Labor and Justice, as well as the courts. Health care regulation and legislation in its various forms, including the implementation of Health Care Reform, other regulatory reform initiatives, such as those relating to Medicare programs, or additional changes in existing laws or regulations or their interpretations, could have a material adverse effect on the Company's business, results of operations and financial condition.

In addition, there is heightened review by federal and state regulators of the health care, disability and life insurance industry business and related reporting practices. Cigna and its subsidiaries (including the Company) are frequently the subject of regulatory market conduct reviews and other examinations of its business and reporting practices, audits and investigations by state insurance and health and welfare departments, state attorneys general, CMS and the Office of Inspector General ("OIG"). With respect to Cigna's Medicare Advantage business, CMS and OIG perform audits to determine a health plan's compliance with federal regulations and contractual obligations, including compliance with proper coding practices (sometimes referred to as Risk Adjustment Data Validation audits or RADV audits), that may result in retrospective adjustments to payments made to health plans. Regulatory actions can result in assessments, civil or criminal fines or penalties or other sanctions, including loss of licensing or exclusion from participating in government programs.

Regulation, legislation and judicial decisions have resulted in changes to industry and Cigna and its subsidiaries' (including the Company) business practices, financial liability or other sanctions and will continue to do so in the future.

When the Cigna Corporation and its subsidiaries (including the Company) (in the course of its regular review of pending litigation and legal or regulatory matters) have determined that a material loss is reasonably possible, the matter is disclosed. In accordance with statutory accounting principles, when litigation and regulatory matters present loss contingencies that are both probable and estimable, the Company accrues the estimated loss by a charge to income. The amount accrued represents the Company's best estimate of the probable loss at the time. If only a range of estimated losses can be determined, the Company accrues an amount within the range that, in the Company's judgment, reflects the most likely outcome; if none of the estimates within that range is a better estimate than any other amount, the Company accrues the minimum amount of the range. In cases when the Company has accrued an estimated loss, the accrued amount may differ materially from the ultimate amount of the loss. In many proceedings, it is inherently difficult to determine whether any loss is probable or even possible or to estimate the amount or range of any loss. The Company provides disclosure in the aggregate for material pending litigation and legal or regulatory matters, including accruals, range of loss, or a statement that such information cannot be estimated. As a litigation or regulatory matter develops, the Company monitors the matter for further developments that could affect the amount previously accrued, if any, and updates such amount accrued or disclosures previously provided as appropriate.

The outcome of litigation and other legal or regulatory matters is always uncertain and unfavorable outcomes that are not justified by the evidence or existing law can occur. Cigna Corporation and its subsidiaries (including the Company) believe that it has valid defenses to the matters pending against it and is defending itself vigorously. The Company believes that the legal actions, regulatory matters, proceedings and investigations currently pending against it should not have a material adverse effect on the Company's results of operation, financial condition or liquidity based upon current knowledge and taking into consideration current accruals. Due to numerous uncertain factors presented in these cases, it is not possible to estimate an aggregate range of loss (if any) for these matters at this time. In light of the uncertainties involved in these matters, there is no assurance that their ultimate resolution will not exceed the amounts currently accrued by the Company. An adverse outcome in one or more of these matters could be material to the Company's results of operations, financial condition or liquidity for any particular period.

In April 2004, Cigna Corporation (of which, the Company is a subsidiary) was sued in a number of putative nationwide class actions alleging that Cigna Corporation improperly underpaid claims for out-of-network providers through the use of data provided by Ingenix, Inc., a subsidiary of one of the Cigna Corporation's competitors. These actions were consolidated into *Franco v. Connecticut General Life Insurance Company, et al.*, pending in the U.S. District Court for the District of New Jersey. The consolidated amended complaint, filed in 2009 on behalf of subscribers, health care providers and various medical associations, asserted claims related to benefits and disclosure under ERISA, the Racketeer Influenced and Corrupt Organizations (RICO) Act, the Sherman Antitrust Act and New Jersey state law and

NOTES TO FINANCIAL STATEMENTS

seeks recovery for alleged underpayments from 1998 through the present. Other major health insurers have been the subject of, or have settled, similar litigation.

In September 2011, the District Court (1) dismissed all claims by the health care provider and medical association plaintiffs for lack of standing; and (2) dismissed the antitrust claims, the New Jersey state law claims and the ERISA disclosure claim. In January 2013 and again in April 2014, the District Court denied separate motions by the plaintiffs to certify a nationwide class of subscriber plaintiffs. The Third Circuit denied plaintiff's request for an immediate appeal of the January 2013 ruling. As a result, the case is proceeding on behalf of the named plaintiffs only. In June 2014, the District Court granted Cigna Corporation's motion for summary judgment to terminate all claims, and denied the plaintiffs' partial motion for summary judgment. In July 2014, the plaintiffs appealed all of the District Court's decisions in favor of Cigna Corporation, including the class certification decision, to the Third Circuit. Cigna Corporation will continue to vigorously defend its position.

Following announcement of Cigna's merger agreement with Anthem as discussed in Note 1, six putative class action complaints (collectively complaints) were filed by purported Cigna shareholders on behalf of a purported class of Cigna shareholders. Five of the complaints were filed in the Court of Chancery of the State of Delaware. The sixth complaint was filed in the Connecticut Superior Court, Judicial District of Hartford. Additional lawsuits arising out of or relating to the merger agreement or the merger may be filed in the future.

Cigna, members of the Cigna board of directors, Anthem and Anthem Merger Sub Corp ("Merger Sub") have been named as defendants. The plaintiffs generally assert that the members of the Cigna board of directors breached their fiduciary duties to the Cigna shareholders during merger negotiations and by entering into the merger agreement and approving the merger, and that Cigna, Anthem and Merger Sub aided and abetted such breaches of fiduciary duties. The allegations include, among other things, that (1) the merger consideration undervalues Cigna, (2) the sales process leading up to the merger was flawed due to purported conflicts of interest of members of the Cigna board of directors and (3) certain provisions of the merger agreement inappropriately favor Anthem and inhibit competing bids. Plaintiffs seek, among other things, injunctive relief enjoining the merger, rescission of the merger agreement to the extent already implemented, and costs and damages.

Effective November 24, 2015, solely to avoid the costs, risks and uncertainties inherent in litigation, and without admitting any liability or wrongdoing, Cigna, Cigna's directors, Anthem and Merger Sub entered into a Memorandum of Understanding (MOU) to settle the Cigna Merger Litigation. Subject to court approval and further definitive documentation in a settlement agreement that will be subject to customary conditions, the MOU resolved the Cigna Merger Litigation and provided that Cigna would make certain additional disclosures related to the merger. If the Court approves the settlement, the Cigna Merger Litigation will be dismissed with prejudice and all claims that were or could have been brought in any actions challenging any aspect of the merger, the merger agreement and any related disclosures will be released. In connection with the settlement, subject to the ultimate determination of the Court, plaintiffs' counsel may receive an award of reasonable fees. There can be no assurance that the parties will ultimately enter into a settlement agreement, or that the Court will approve the settlement even if the parties were to enter into such agreement. The MOU may terminate, if, among other reasons, the Court does not approve the settlement or the merger is not consummated for any reason.

In January 2016, CMS issued to Cigna a Notice of Imposition of Immediate Intermediate Sanctions ("the Notice"). The Notice requires Cigna to suspend certain enrollment and marketing activities for its Medicare Advantage Prescription Drug and Medicare Part D Plans. The sanctions do not impact the ability of current enrollees to remain covered by the Company's Medicare Advantage Prescription Drug or Medicare Part D Plans.

CMS imposed sanctions based on its finding of deficiencies with Cigna's operations of its Parts C and D appeals and grievances, Part D formulary and benefit administration, and compliance program. Cigna is working to resolve these matters as quickly as possible and is cooperating fully with CMS on its review. Based on management's current expectations, the Company does not expect the impact to its financial statements to be material.

20. Fair Value Measurements

The Company's financial assets measured at fair value include bonds valued at the lower of cost or fair value when reported at fair value at the balance sheet date.

Fair value is defined as the price at which an asset could be exchanged in an orderly transaction between market participants at the balance sheet date. The Company's financial assets have been classified based upon a hierarchy defined by SAP. The hierarchy gives the highest ranking to fair values determined using unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest ranking to fair values determined using methodologies and models with unobservable inputs (Level 3). An asset's or a liability's classification is based on the lowest level input that is significant to its measurement. For example, a financial asset or liability carried at fair value would be classified in Level 3 if unobservable inputs were significant to the instrument's fair value, even though the measurement may be derived using inputs that are both observable (Levels 1 and 2) and unobservable (Level 3).

The Company estimates fair values using prices from third parties or internal pricing methods. Fair value estimates received from third-party pricing services are based on reported trade activity and quoted market prices when available, and other market information that a market participant may use to estimate fair value. The internal pricing methods are performed by the Company's investment professionals and generally involve using discounted cash flow analyses, incorporating current market inputs for similar financial instruments with comparable terms and credit quality, as well as other qualitative factors. In instances where there is little or no market activity for the same or similar instruments, the fair value is estimated using methods, models, and assumptions that the Company believes a hypothetical market participant would use to determine a current transaction price. These valuation techniques involve some level of estimation and judgment that becomes significant with increasingly complex instruments or pricing models.

Fair Value Measurements at Reporting Date

The following table provides information about the Company's financial assets carried at fair value as of March 31, 2016 and December 31, 2015.

NOTES TO FINANCIAL STATEMENTS

Bonds - Industrial and miscellaneous	\$ -	\$ 3,146,502	\$ -	\$ 3,146,502

Level 1 Financial Assets

Inputs for instruments classified in Level 1 include unadjusted quoted prices for identical assets in active markets accessible at the measurement date. Active markets provide pricing data for trades occurring at least weekly and include exchanges and dealer markets.

Level 2 Financial Assets

Inputs for instruments classified in Level 2 include quoted prices for similar assets in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are market observable or can be corroborated by market data for the term of the instrument. Such other inputs include market interest rates and volatilities, spreads and yield curves. An instrument is classified in Level 2 if the Company determines that unobservable inputs are insignificant. Level 2 assets primarily include corporate bonds valued using recent trades of similar securities or pricing models that discount future cash flows at estimated market interest rates.

Level 3 Financial Assets

Certain inputs for instruments classified in Level 3 are unobservable (supported by little or no market activity) and significant to their resulting fair value measurement. Unobservable inputs reflect the Company's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

Fair Value Measurements at Reporting Date**Disclosures about Fair Values of Financial Instruments Not Carried at Fair Value**

The following tables provide the fair value, carrying value and classification in the fair value hierarchy of the Company's bonds not recorded at fair value as of March 31, 2016 and December 31, 2015. Financial instruments that are carried in the Company's Consolidated Financial Statements at amounts that approximate fair value are excluded from these tables.

On January 1, 2014, the Company became subject to the minimum loss ratio rebate provisions of the Patient Protection and Affordable Care Act (PPACA). PPACA require payment of premium rebates to customers covered under the Company's comprehensive medical insurance if certain annual minimum medical loss ratios are not met. At the close of each quarter, the Company records its rebate accrual based on year-to-date estimated medical loss ratios calculated as prescribed by the interim final rule issued by the Department of Health & Human Services using year-to-date premium and claim information by state and market segment. Since this accrual reflects the amount of rebate that would be payable based on year-to-date estimated medical loss ratios, the amount of rebate will fluctuate as actual claim experience develops each calendar quarter.

As of March 31, 2016 and December 31, 2015, the Company accrued estimated rebates of \$695,128 and \$776,727, respectively.
