After consultation with the NAIC and our Finance Division, one small change has been made in response to your comment. We added the word "Mortality" to Section 3(G). I think this fixes the problem, Isaac.

Subject: Rule for Annuity Mortality Table for Determining Reserve Liabilities for Annuities

Ms. Rose,

I'm reviewing this rule and just wanted to point out that there is a small inconsistency in a defined term and the way it is used. In Section 4.D. and in Section 5, reference is made to the "2012 IAR Mortality Table", but the defined term in Section 3.G. is "2012 IAR Table".

Thanks.
