DRIVER IMPROVEMENT TRAINING

*For All State Agencies Participating in the
Arkansas Multi-Agency Insurance Trust Plan (AMAIT)*

The Risk Management Division offers free AAA Driver Improvement Training for your agency's drivers.

Personal and employment related vehicle collisions disrupt schedules and rob you and your employees of valuable work time. Injuries, deductibles, vehicle repair or replacement and administrative processing combine to drain productivity.

The AAA Driver Improvement Training enhances driver safety and confidence by using the most up-to-date research in a classroom setting. Personal involvement in class discussion is encouraged through the use of video presentations and student workbooks.

This **free** training course can be conducted at your workplace location. We provide all of the equipment and materials. *A minimum of five (5) attendees is required to conduct the training at your workplace.*

Call the Risk Management Division at 501-371-2690 for more information and to schedule this free service.
