ADMINISTRATION DIVISION

Reva Fletcher, Deputy Commissioner

The Administration Division is responsible for overall supervision of the daily office activities, for fiscal planning and control, for personnel and employment matters and for a variety of other significant aspects of the Department's functions.

The Deputy Commissioner, in addition to supervisory duties, engages in long and short-term planning, project research and coordination, drafting and implementation of legislation and regulation and performs other functions as assigned by the Commissioner.

The Administrative Assistant performs such duties as are assigned by the Commissioner and Deputy Commissioner and is specifically responsible for personnel education programs, interpreting personnel policies and procedures, providing information to other divisions, and assisting in resolving problems encountered within the Department.

The Fiscal Officer maintains control over all financial matters within the office, prepares the Department's budget and monitors its implementation, procures services and office supplies, performs accounting and personnel functions and supervises three other employees.

The Accounting Section collects, verifies and processes all taxes and fees; computes Firemen's Relief and Pension Fund Tax turnback to cities and towns; and compiles statistical data for various reports. The Financial Statement shows taxes collected as \$31,429,000.34 and fees collected as \$992,356.39 or total collections for 1981 of \$32,421,356.73 compared to total collections in 1980 of \$30,111,705.63 or an increase of \$2,309,651.10. The major area of increase was in a higher volume of writings in the State, which would result in the payment of additional taxes.

The Securities Custodian handles the transfer, depositing and bookkeeping for all securities deposited by insurers with the Commissioner pursuant to law.

The various domestic and foreign insurance companies transacting business in the State of Arkansas have on deposit with this Department a total of \$273,630,299.22 maintained in 770 separate accounts. These deposits consist of 76 domestic company accounts totaling \$166,881,909.70; 505 foreign company accounts totaling \$92,608,389.52; and 189 companies maintaining qualifying bonds with a total surety value of \$14,140,000.00.

Apportionment of securities:

Registered policy reserves on outstanding registered life insurance issued by Arkansas companies -	\$159,150,198.33
--	------------------

Deposits by foreign and domestic companies for benefit of Arkansas policyholders and creditors -	\$114,480,100.89
--	------------------

Total Deposits	\$273,630,299.22
----------------	------------------

ARKANSAS INSURANCE REPORT, 1981

Securities on deposit are comprised of bonds, debentures, certificates of deposit and mortgages. Bonds and debentures are verified through the National Association of Insurance Commissioners, Valuation of Securities Manual, with market value ascertained through local brokerage firms.

The Liquidation Section is responsible for the handling of all claims, complaints and inquiries concerning insolvent, and otherwise delinquent insurers. The Liquidation and Rehabilitation Officer, as the Commissioner's designee, conducts the affairs of insurers that are placed under court order for supervision, conservation, rehabilitation or liquidation.

Whenever a company is placed into receivership by the court, the existing claimants and creditors must then pursue their claims against the Receiver of that company, through the Liquidation Section. The Liquidation Officer, as appointed Deputy, administers the proper disposition of the assets and liabilities of the company, and provides an accounting of all activity as appropriate.

As an additional function, the Liquidation and Rehabilitation Officer is responsible for the operation and administration of the Arkansas Property and Casualty Guaranty Fund. This fund, created by Act 871 of 1977, is operated in conjunction with the liquidation of a property and casualty insurer, and provides funds for the payment of claims against the insurer, pending orderly disposition of the company's assets. The Guaranty Act was first implemented in 1979, at which time assessments were received from 342 property and casualty insurers licensed to write insurance in Arkansas. At the end of 1981, in excess of five hundred property and casualty insurers were member companies of the guaranty fund.

COMPANIES IN THE PROCESS OF SUPERVISION, CONSERVATION,
REHABILITATION OR LIQUIDATION DURING 1981:

<u>COMPANY</u>	<u>STATE OF DOMICILE</u>
American Reserve Insurance Company	Rhode Island
Consolidated Mutual Insurance Company	New York
Imperial Insurance Company	California
Market Insurance Company	Illinois
Mobile Insurance Company	Texas
Proprietors' Insurance Company	Ohio
*Providential Life Insurance Company	Arkansas
Reserve Insurance Company	Illinois
Security Casualty Company	Illinois

*Placed into receivership for the purpose of rehabilitation on 3/20/81. The receivership order was lifted on 3/31/81, at which time an order of supervision was substituted. The company was released from supervision on 7/22/81.

RISK MANAGEMENT DIVISION

Robert S. Sikes, Risk Administrator

The Risk Management Division provides assistance to state agencies as their consultant in identifying risk exposures and developing a program to deal with these exposures. Methods employed usually take the form of safety inspection of buildings and programs, analyses of past losses, valuation of properties and review of insurance programs in conjunction with operational budgets. This determines the most effective and economical way to deal with recognized potential losses.

During the 1981 year, efforts were concentrated on developing complete Risk Management Programs for state agencies as time permitted. Also, some bidding without complete inspection programs were done in other cases in an attempt to cover the field. These efforts resulted in a broad view of savings in excess of \$1,500,000.00 annually.

An example of the activities in the program would consist of the following:

1. Make fire and life safety inspections
2. Make recommendations for improvements
3. Offer more accurate appraisals of buildings
4. Combine all buildings or facilities of an agency or multiple agencies under one cover
5. Institute competitive bidding

The main thrust of our program is directed towards increasing the awareness of the individual state agency as to protection of their assets through assuming a greater degree of loss retention. We are concerned with impressing on all employees of the agency the results and benefits of good management of assets as well as the possibly devastating effect of poor management.

ARKANSAS INSURANCE REPORT, 1981

LEGAL DIVISION

Bob Lyford, Chief Counsel

The primary function of the Legal Division is to provide legal advice and assistance to the Commissioner and to other members of the Department's staff. The Legal Division represents the Commissioner in all formal legal actions, conducts administrative hearings, drafts legislation and regulations, provides legal assistance in regard to complaints from the public, oversees the regulation of insurance holding companies and legal insurance plans, and provides legal counsel concerning insurance matters to other state agencies.

During the year 1981, the Division was continually involved in administrative hearings. Specifically, twenty-three hearings were scheduled in regard to matters involving insurance companies and twenty-one hearings were scheduled in regard to matters involving insurance agents. The disposition of these matters vary according to subject matter but in all cases involving agents, the Division drafts orders recommending appropriate sanctions. Also, during 1981, the Division represented the Commissioner during public hearings on proposed rules and regulations promulgated by the Department. Of course, the Division also represents the Commissioner in any court actions.

The Department employs a full-time investigator who functions in a fact-finding capacity in matters under investigation by the Legal Division.

COMPLIANCE DIVISION

Paula Gilmore, Assistant Commissioner

The Compliance Division is responsible for the regulation of all insurance business conducted in the State of Arkansas.

Property and Casualty Section

Property and Casualty insurance companies are required by law to file with this Section all rates which they propose to charge for all lines of coverage. From January 1, 1981, through December 31, 1981, this Section processed 6,722 rate filings. Policies and forms which the companies propose to use in this State must be submitted for prior approval. There were 13,692 such filings made during 1981.

Effective June 17, 1981, any company writing Workers' Compensation insurance in the State of Arkansas was allowed to file for a deviation from the rate filed by a licensed rate service organization with which they are a member or subscriber. Since the effective date of this change approximately 20 companies have filed scheduled rating plans and 3 have filed true deviations.

All companies are required to file a financial statement as of December 31 each year. Statements filed by property and casualty companies must be audited and approved by this Section before the company's license to transact business in Arkansas is renewed. There were 649 annual statements reviewed by this Section in 1981. As of December 31, 1981, there were 69 companies authorized to write surplus line coverage in this State with 55 licensed surplus line brokers. When policies are written in a surplus line company the broker must file an affidavit with this Section showing the coverage written and the premium charged. This Section received 12,030 affidavits during 1981 and collected \$457,010.40 in surplus line tax.

This section is also charged with the responsibility of admitting companies to write business in the State. During 1981 there were 47 property and casualty insurance companies applying for admission, with 40 being admitted and 7 being withdrawn.

Life and Health Section

The Life and Health Section is charged with the responsibility of regulating all life and health companies licensed to do business in the State of Arkansas. As of December 31, 1981, there were 663 companies holding licensed, 60 of which were newly licensed. There were a total of 66 requests for admission during 1981, 6 of which were withdrawn, and 60 of which were approved.

Each life and health company must submit for approval to this Section of the Compliance Division all policy forms and rate changes. A total of 13,486 forms were submitted in 1981, with 8,332 of these being life filings and 5,154 being health filings. There were also 80 credit life and disability submissions made for approval.

ARKANSAS INSURANCE REPORT, 1981

CONSUMER SERVICES DIVISION

Ronald L. Sheffield, Director

The Consumer Services Division of the Arkansas Insurance Department is charged with the responsibility of assisting the insurance buying public with questions and problems concerning their insurance.

The education of the consumer is an essential part of the Consumer Services Division. On seventy-two occasions, during 1981, the Consumer Services Director presented programs regarding matters of insurance to senior citizens' groups, schools, and various other interested organizations. The Division also provides support to other state and federal government consumer workshops.

Members of the Division act as liaisons between companies and consumers by attempting to resolve difficult and confusing situations. They also explain various types of coverages and the differences in apparently similar products. The Division advises consumers on insurance terminology and, in some cases, the technical aspects of insurance.

During 1981, the Consumer Services Division received 2,695 complaints, and closed 2,356 complaints. Through these efforts, the Division was able to assist consumers in collecting a total of \$2,160,015.00.

The Consumer Services Division is comprised of eight persons who are as follows: Consumer Services Director, a Complaints Investigator Supervisor, three Complaints Investigators and three Secretaries.

AGENTS LICENSE DIVISION

Lenita Blasingame, Supervisor

The American public is becoming more and more insurance conscious and most consumers rely heavily on their insurance agent for counsel on a variety of insurance matters. For that reason, broad product knowledge and regulatory awareness are essential. It is, therefore, the intent of the Insurance Department to test such knowledge through our examination process. In 1981 more than 6,500 examinations were administered to Arkansas residents seeking to enter the insurance field.

Presently licensed in Arkansas are more than 25,000 licensed insurance agents, brokers, and adjusters. Through reciprocal licensing arrangements with other states, approximately one-third of these individuals are residents of a state other than Arkansas.

Each insurance company having licensed agents in Arkansas must annually renew such licenses. These renewal fees, initial license fees, and examination fees resulted in the collection of \$664,076.00 by this Division in 1981.

The examination and licensing process also applies to individuals and corporations licensed as Limited Surety Agents and Professional Bail Bondsmen. There are 137 such bondsmen licensed by the Department and registered in the various counties.

ARKANSAS INSURANCE REPORT, 1981

EXAMINATION DIVISION

Ron Taylor, Acting Chief Examiner

The Examination Division functions as a surveillance arm of the Insurance Department in relation to the financial condition of all insurance companies licensed to do business in the State of Arkansas. They are also required to determine the conduct of the companies in the treatment of the policyholders.

The Examination Division staff consists of a chief examiner, 3 senior field examiners, a market conduct coordinator, a statement analyst and a secretary.

The field examiners verify and evaluate the assets and liabilities of insurance companies and determine the accuracy and completeness of financial statements filed with the Insurance Department. Annual statements of all licensed companies are required to be filed with this Department and are reviewed in detail to detect companies that have potential financial problems.

The books and records of all domestic insurance companies are examined in their home offices by our field examiners. Our examiners participate, when possible, in the examinations of out-of-state companies.

ARKANSAS INSURANCE REPORT, 1981

PUBLIC EMPLOYEE CLAIMS DIVISION

H. Oscar Hirby, Director

Under the provisions of Act 809 of 1979, as amended by Act 929 of 1981, the Public Employee Claims Division is the governmental agency responsible for the investigation, determination, payment, management and administration of the several thousands of job injury claims filed each year by the public workers of the State.

Where not otherwise excluded by reason of a privately written policy(s) for their workers' compensation liability, the public employers have state workers' compensation fund protection for their employees. The State now provides workers' compensation benefits protection to the state employees and officers, public school employees, municipal employees and officers, and county employees and officers. Workers' compensation benefits coverage is also provided for the emergency services volunteer workers who are accidentally injured while performing emergency volunteer services under the call and supervision of the State of Arkansas or the chief executive officers of the political subdivisions thereof.

State workers' compensation fund appropriations for the municipal employees, county employees, public school employees, and state agency employees from state general revenues for workers' compensation claims totaled \$10,465,000.00 for the fiscal year 1981-1982. By fund, the Public Employee Claims Division, as the paying party, expended the following for public employee workers' compensation claims during the year:

City Claims	\$1,949,816.72
County Claims	1,233,320.32
School Claims	1,251,821.57
State Agency Claims	<u>2,606,391.31</u>
Total Expenditures	\$7,041,349.92

On June 30, 1982, the Division had 1,667 open and active workers' compensation claims in administration and management. A reserve value of \$16,199,170.00 was placed on those claims.
